

# GERMANY TO GRANT PRESIDENT WILSON CERTAIN CONCESSIONS TO RETAIN FRIENDSHIP OF THE UNITED STATES, SAYS GERARD

## BREAK BETWEEN TWO COUNTRIES MAY BE AVERTED

Washington, April 24.—Confidential dispatches from Ambassador Gerard at Berlin indicate that Germany will make certain concessions to the United States in response to the note demanding the immediate abandonment of her method of submarine warfare. Whether the concessions will be sufficiently broad to meet the American demands appear uncertain. However, officials reflected an air of hopefulness for an amicable settlement of the issue.

It is understood Ambassador Gerard has received broad intimations that the German government will go to great lengths to preserve friendly relations with the United States. He is understood to have gained his impressions from Officials of the Berlin foreign office, including Foreign Minister Von Jagow.

The Berlin government is confronted with finding a way to satisfy the United States without arousing the element which insists upon a ruthless submarine campaign. Mr. Gerard's dispatches are of a highly confidential nature and were received during the night.

## APRIL MOMENTOUS MONTH IN AMERICAN HISTORY

The crisis in the submarine controversy between the United States and Germany, reached Wednesday, brought about by the ultimatum sent Berlin by President Wilson, developed on the one hundred and forty-first anniversary of the beginning of the War of the Revolution, the date being April 19, 1775.

Four out of twelve wars in which the country has been interested were declared officially in April. The Spanish-American War started April 21, 1898, and the same day, in 1831, witnessed the beginning of the Black Hawk Indian Wars.

America's conflict with Mexico started on April 24, 1848, this being 70 years ago today (Monday).

The president's action also recalled these important dates in American history:

April 19, 1775—End of Paul Revere's ride and battle of Lexington.

April 12, the first shot of the Civil War, 1861-65, was fired at Fort Sumpter. April 9, 1865, General Lee surrendered to General Grant, and on April 14 President Lincoln was assassinated.

April 19, 1914—Huerta called on to salute American flag before 6 o'clock p. m.

## M'COMBS WILL NOT CLAIM VILLA LEAD WILSON CAMPAIGN HEADS FOR THE BORDER

Washington, D. C., April 24.—William F. McCombs, chairman of the Democratic national committee, today notified President Wilson that he will be unable to continue in his present position after the Democratic national convention in St. Louis, and will be unable to direct Mr. Wilson's campaign for reelection, owing to engaging in a new business venture.

Replying to Mr. McCombs' letter, the president expressed regret. Fred B. Lynch, national committeeman, from Minnesota, is expected to succeed Mr. Combs and conduct the campaign.

## EARTHQUAKES RECORDED

Washington, April 24.—Two severe earthquakes, one of them of great intensity, were recorded on the Georgetown University seismograph this morning. The heaviest shocks came at 3:21 a. m., eastern time.

The first of the quakes, which the records indicate was quite heavy, began at 11:31 o'clock last night and continued until 12:07 o'clock this morning. It was estimated that its center was about 1000 miles from Washington.

The second series of shocks, which were decidedly stronger than the first, began at 3:08 a. m. The vibrations reached their maximum intensity at 3:21 a. m. At this point the needles of two of the seismographs were thrown off their recording drums, so severe were the shocks. The shocks continued until 4:12 a. m. It was estimated by Director Tondorf that the center of the second earthquake was 2400 miles from Washington and he believed it if occurred in an inhabited zone it must have done considerable damage.

Santo Domingo, April 24.—A severe earthquake occurred here at 11 o'clock last night. No damage was caused.

## Pawnshops Raided

Columbus, O., April 24.—A raid on 17 pawn brokers in Cleveland today is a fore-runner of similar action to be taken against pawn agents in other communities who refuse to take out state licenses, State Superintendent of Banks Harry T. Hall, said. Most cities have local regulation, however, and pawn brokers under these circumstances, are exempted from terms of state loan regulation law.

## WILL RETURN PARCEL POST PACKAGES

New York, April 24.—Six hundred bags of parcel post matter, mailed for distribution in Holland, are to be returned to the senders in America because the steamship companies will not carry this mail, owing to the British seizures of parcel post consignments. The British authorities contend that the parcels might reach and benefit the Central Powers.

## NATIONAL DEFENSE

Chicago, April 24.—Work rooms and factories in all parts of Chicago will be invaded by the war preparationists of Illinois this week, under cover of the Illinois committee, of the Naval Consulting Board, to determine what the city can do in furnishing munitions of war in event national defense is necessary. A corps of experts from the ranks of the National Association of Engineers and Chemists will investigate. Illinois is to co-operate with a similar committee working in Indiana.

## "REGULARS" AND "IRREGULARS" BATTLE FOR TOMORROWS VOTE

### 1000 Drown

Shanghai, April 24.—More than a thousand soldiers and men of the crew of the steamer Hsin You, 1,629 tons, were lost when the steamer sank after a collision with the cruiser Hai-Yung Saturday evening south of the Chusan Islands.

The steamer, acting as a transport, was taking troops to Foo Chow. The collision occurred during a fog and only one foreign engineer, twenty soldiers and nine sailors out of six foreigners and over a thousand soldiers and members of the crew were saved.

## USE CLUBS ON STRIKERS

Pittsburgh, Pa., April 24. Deputy sheriffs guarding the plant of the Westinghouse Electric and Mfg. Co., at East Pittsburgh, where 15,000 men are on strike, used their clubs this morning to force a way through crowds of strike pickets for workmen trying to enter the shops.

## Schools Save Waste Paper

Columbus, O., April 24.—School authorities are urged in a bulletin prepared today by Frank B. Pearson, Superintendent of Public Instruction, to save waste paper instead of burning it.

## ENJOY EASTER EGG ROLLING

Washington, April 24.—The annual Easter egg-rolling, an event looked forward to with the keenest interest by the children of Washington, was held on the White House grounds today. Despite the chilly weather, thousands of youngsters, with grown-ups as spectators, were on hand early, ready to enjoy the sport. There was no class distinction. The children of high government officials and diplomats mingled with those of the humblest homes.

## ATTY. KLEIN PROTESTS

Cincinnati, O., April 24.—Attorney Nicholas Klein, of this city, filed with the county commissioners today a protest against the payment of Police Judge K. Nippert's salary while he is absent from the city. Klein says that Judge Nippert received a salary of \$20 a day and that he represents about forty other attorneys in his protest, and that if the county commissioners refuse to act, he will institute court proceedings. Judge Nippert sailed last Friday from New York. He will represent all the German-American allies in the United States at a conference in Berlin to plan rebuilding of Ragnit, in East Prussia, destroyed by Russians early in the war. Much of the money for rebuilding was raised in Cincinnati.

## TEUTON RAIDER ROUTED

London, April 24.—A hostile aeroplane appeared over Dover this morning and was attacked by British guns. It was driven off and dropped no bombs.

The following official statement was made: At 11:45 a. m. today a hostile aeroplane appeared over Dover from the east. It circled over the town at a height estimated at 6,000 feet.

Anti aircraft guns at once came into action. The hostile machine was driven off. No bombs were dropped.

## TRIESTE RAIDED

Berlin, April 24.—The Austrian city of Trieste has been raided by a squadron of seven Italian aeroplanes, bombs dropped from which killed nine persons, wounded five and destroyed a monastery.

London, April 24.—Again

there is a comparative lull in the Verdun battle, the enemy on both sides remaining generally inactive. The French have been nibbling away at the German lines just west of the Meuse, however, and report making further progress in a hand grenade attack northwest of the Caennettes wood. Apparently there is soon to be a (Continued on Page Eight)

## OHIO NEWS BRIEFS

Frankfort—Henry Stine, city, said to be the oldest express driver in the country, has resigned after 40 years of service.

Findlay—Measles are increasing here at the rate of 20 cases daily. There are already more than 100 cases.

Cincinnati—More than a dozen Cincinnati motorists were caught on the Wooster pike in Plainville yesterday for speeding and paid a fine and costs of \$5.00 to be released.

Cleveland—Albert Foglein, 39, pleaded guilty to second degree murder, and was given a life sentence. He shot his wife five times and killed her when she rebuked him for coming home late for supper.

Stevensville—Coleman Winton, 39, jumped out of the way of an interurban car, fell over an embankment, broke his neck and died instantly.

Columbus, O., April 24.—Interest in Ohio's first presidential preference primary, to be held tomorrow, was centering today about the contest between the so-called "regular" candidates for delegates at large to the Republican national convention and the three candidates who hope to break the slate.

Governor Frank B. Willis heads the slate of the so-called "regulars." His opponents say that, if his showing at tomorrow's primary election is weak, it will hamper him in his campaign for reelection next fall. The other candidates of the "regular" slate are:

Senator Warren G. Harding, who will be temporary chairman of the Republican convention; William Procter, Cincinnati business man, and John J. Sullivan, Cleveland attorney.

The so-called "irregular" candidates are Matt Gurnea, Cincinnati publisher; Dr. Schuyler Gifford of Columbus, and Ralph W. Tyler, negro, of Columbus. Tyler was auditor of the navy department under former President Roosevelt.

The Republican presidential preference ticket bears only the names of former Senator Theodore E. Burton, of Ohio, and William Grant Webster, Chicago attorney. President Wilson's name is the only one to be voted on for president on the Democratic preference ticket.

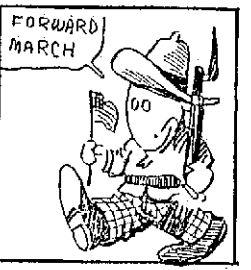

Former Governor James M. Campbell, James M. Cox and Judson Harman and Senator Atleo Pomerehne are the Democratic candidates for delegates at large to the St. Louis convention.

Pursuant to an order issued to county boards of elections by the office of the secretary of state, returns from tomorrow's election will be received at the state house on the vote for delegates at large to the national convention. It is expected the results of the balloting for Republican delegates can be forecast by the middle part of the evening.

WILLIS HOME TO VOTE  
Columbus, O., April 24.—Governor Willis went to Ada today to cast his vote in the presidential primary election. Other state officials were planning to go to their home late today.

SUPREME COURT TO BE IN SESSION  
Columbus, O., April 24.—The supreme court will be in session tomorrow, the members not going to their homes to vote.

# EASTER GREAT DAY AT HOLY REDEEMER CHURCH

Holy Redeemer church observed with fitting solemnity the great festival of Easter which commemorates Christ's resurrection from the dead.

The altars of the beautiful church decorated lavishly with green palms, easter lilies and electric lights shone with chaste effulgence in tasteful keeping with the glory of the Christian feast. The spectacle of many communicants was a source of no little edification and inspiration to pastor and congregation. The attendance at all the services was unusually large. The choir rendered the Easter music with fine spirit and a melody that was soul inspiring.

The congregation generously remembered their pastor with a handsome Easter offering, a substantial expression of good will and appreciation.

The pastor delivered the message of the day, "Christ the Eternal Priesthood." He set forth logically and clearly the divine nature and necessity of Christ's eternal priesthood which he identified in the priesthood of the Catholic church. Through the Christian priesthood Christ co-operates and operates by sacrifice and sacraments, applying to the souls of men, the merits and graces of salvation which He gained by His bloody sacrifice of the cross. Without the Christian sacrifice of the Mass and the power of forgiving and retaining sins the very essential means of salva-

tion, the pastor maintained, the whole edifice of Christianity and the church of Christ is destroyed; nothing remains to take the place of sacrifice and forgiveness of sins, but a bare preaching. No matter how learned and brilliant, it cannot relieve sin laden

## CLAIM BOYS GAVE LIQUOR TO GIRL

Thomas Nixon, 24, and Harold Phillips, 20, were arrested and taken before Judge Thomas C. Beatty, juvenile court, Monday on a charge of furnishing liquor to Alice McGill. The two boys strenuously denied the charge to Judge Beatty, and were placed in the county jail pending investigations in the case.

The police arrested the two boys Sunday for giving the Ideal cafe. He has just re-enlisted. The New Jersey and the balance of the Atlantic fleet have just returned from the all winter maneuvers off Guantanamo, Cuba.

Thomas Nixon is the first boy that Judge Beatty sent to Lancaster from Portsmouth on assuming the duties of his office.

# GLORIOUS EASTER DAY AT ALL SAINTS CHURCH

The Festival of the Resurrection was observed with all its accustomed splendor of ritual and fervor of devotion at the old parish church. In accordance with the practice of the overwhelming majority of all Christian people throughout the world, the principal services of the day were celebrations of the Holy Eucharist. The first celebration being held at 6 a. m. and the second at 10 a. m. The second celebration was fully choral, the beautiful music of Gerthold Tens being admirably rendered by the large vested choir of the parish under the leadership of Mrs. Samuel L. Rice who had spent much time in the training of the choir for this occasion. All who were privileged to hear the music yesterday were loud in their praises of both choir and organist. The number of communicants made was larger than ever before, a proof of the spiritual growth of this congregation and their intense loyalty to the ancient mother church. We are conscious of our inability to describe in all adequate the beauty of the altar decorations. Perhaps we ought to be content with saying that the sanctuary was as beautifully decorated as in former years. All who have seen the altar of All Saints' church, Easter will know what this implies. The decorating committee consisted of the Misses Kinney and Mrs. Jeanne Williams, Mrs. Fannie Crane and Mrs. J. P. Churchill, and they were assisted by other ladies of the congregation. Before we should have been to the Sunday school service, which was held in the church at 11 a. m. There was a larger attendance than Sunday school than the very many years. The program was as follows: The opening hymn, "The Lord is Risen," by the choir; the reading of the Gospel, "The Resurrection," by the pastor; the offering of the Easter offering, which the school children presented; the benediction.

A large congregation present at the administration of the sacrament of Holy Baptism by the rector. Baptism was administered to the following infants and children: James Wirt Newman, Anna Eva Dillon, Eleanor Beatrice White, Louise Varner Kinney, Charles Connell Taggart (baptized hypothetically and received into the church), Emily Bush, Mary Jane Bush, Virginia Church, Jolite Gilbert Henry George Gilbert, James Martin Gilbert, Russell Clifton Kaps, Howard Peter Kaps and Charles Matthews. The Junior Choir supplied the music at this service and Miss Katherine Haldeman, Hon. Asst. Organist, was at the organ.

## Thin People Gained Weight Quickly

By Following This Simple Suggestion

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet every meal for two weeks. Then weigh and measure again. It isn't a question of how you gain or how fast you gain, but the fact that the scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it helps to turn the fats, sugars and starches at what you have eaten into rich, ripe fat-producing nourishment for the tissues and blood. It prepares it in an easily assimilable form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to keep the waste and to let it quickly and to make the fat-producing nutrients of the very same meals now entering now develop into pounds and pounds of healthy flesh between your skin and bones. It is safe, pleasant, efficient, and inexpensive.

It does not strain and other leaden ingredients in this vicinity sell in large boxes, forty tablets in a package, on a guarantee of a month's increase or money back as shown in each large box.

performance. Miss Gertrude Schmidt, soprano soloist, sang Simpson's "If We Believe That Jesus Died" with taste and expression. Miss Schmidt possesses a voice of great range and flexibility, and she sang the high notes of certain passages in this solo with brilliant effect. The rector preached a sermon on the resurrection based upon the text from St. Paul's first epistle to the Corinthians, "If Christ be not raised, then is your faith vain." The Easter offering reached the large total of \$1125.00 and the Sunday school offering for missions was \$55.00. The fact that there are some communicants yet to be heard from insures that the final total will be in excess of \$1200.00. This amount has been exceeded once only since the founding of the parish in 1819, the offering in 1914 amounting to \$1450.00. The great faithfulness, devotion and loyalty of the people have made possible the splendid work which is being done in All Saints' parish in spite of the location of the church on the extreme outer edge of the city. God has abundantly blessed His children who have offered Him once more a Lent which ought to serve as a lesson in self-sacrifice to the whole community.

# FINE MEETING IS HELD BY LOCAL ENGINEERS UNION

Steam and Operative Engineers Union, Local No. 558 held a splendid open meeting Saturday evening at the Central Labor Hall, Chillicothe street at which over one hundred and fifty local stationary engineers attended. The reports of the officers showed that the union was in the most prosperous condition which was very gratifying.

Shortly after the meeting convened, the speakers of the evening were introduced by Chairman Hartzel Evans and each one was greeted with the plaudits of their brother members. The distinguished visitors who delivered the talks upon organized labor were: E. P. Brownstead, Chief Examiner of Stationary Engineers, Columbus; W. J. Riches, foreman, efficiency engineer for Miller and Searl. In this answer, the defendant admits the marriage and denies all other allegations set forth in the petition. Hauck further avers that his assets are \$2849.98 and his liabilities \$5398.46.

After the program was rendered the ceremonies of initiation were conferred upon a class of twelve candidates with fitting solemnity.

The union now has a membership of one hundred and forty or over eighty per cent of all the engineers in the county.

Mr. Ditty was highly complimentary of his splendid work as assistant chief engineer and was thanked for the kindly interest he has always shown in the interests of the local union.

## The Purity of "Bull" Durham Is Proven Absolutely by Government Statistics!

Herewith we print a facsimile of a letter from Hon. W. H. Osborn, Commissioner of Internal Revenue, written in the routine of his official duty in answer to a letter from the manufacturer.

The Government officials find in the "Bull" Durham factory nothing but the bright, golden leaves of Carolina and Virginia tobaccos—the tobaccos that have made American cigarettes the most popular smokes in the world.

In Durham—and indeed, throughout practically all of North Carolina and the adjoining counties of Virginia—nearly every man is interested in tobacco, the great staple crop of the community. In the towns where the tobacco warehouses are located; on the farms, in the banks, in the stores—everywhere—these men who grow the tobacco, who take it to market, who buy it and sell it, and are made prosperous by the business of handling the money received from the crop—everywhere, these men know that the sweetest, mellowest, choicest leaf is bought for

# GENUINE "BULL" DURHAM SMOKING TOBACCO

And they know that nothing else ever enters the "Bull" Durham factory.

These men who live with tobacco, know that for three generations the same farms in the same counties have been producing their best for "Bull" Durham. They know that the quality of "Bull" Durham has made the city of Durham famous—and the honor of "Bull" Durham is a source of pride, not only to the manufacturers, but to the entire community.

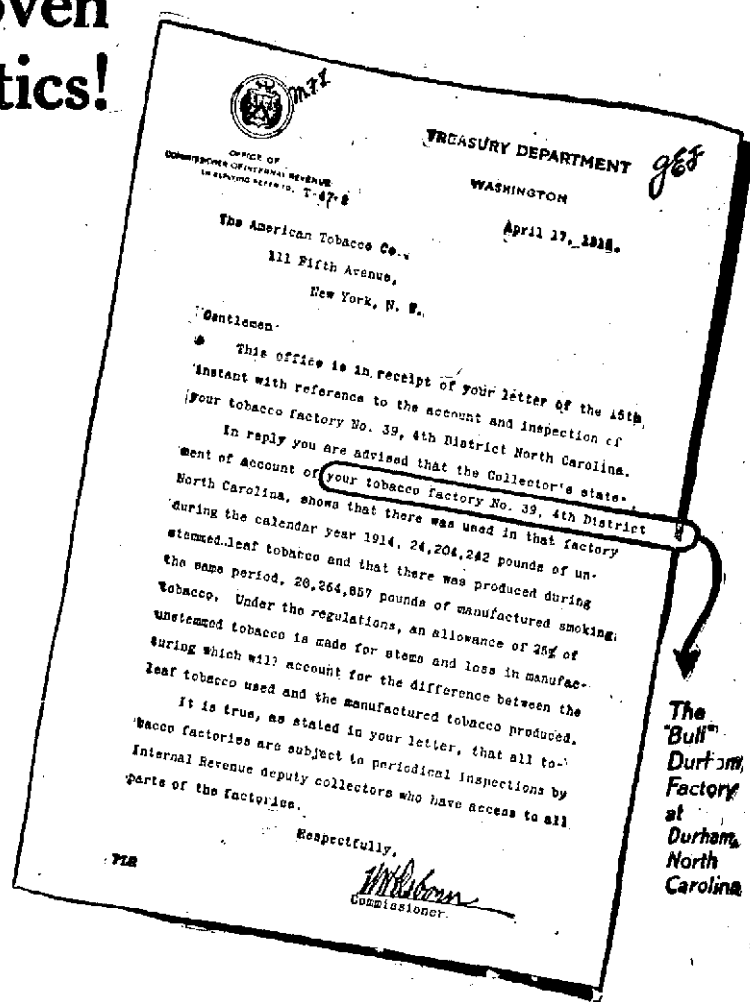

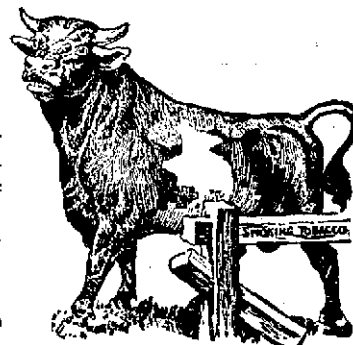

**Test "Bull" Durham Purity For Yourself!** You can easily prove to

your entire satisfaction the absolute purity of this famous old tobacco.

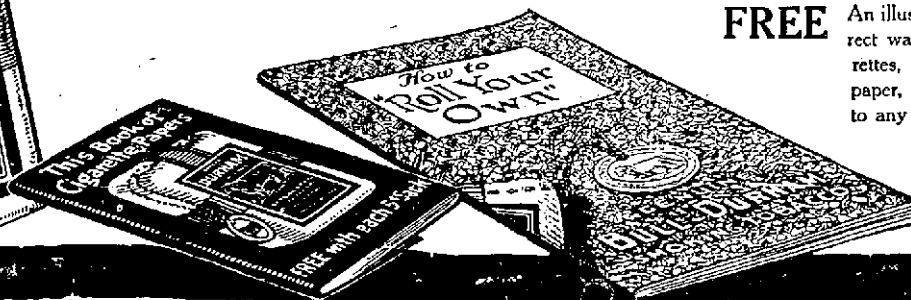

Simply take a bag of "Bull" Durham and empty the tobacco on a piece of white paper. Then separate the grains with your finger and examine them closely. You will find only tiny flakes of pure tobacco—nothing else looks like the golden Carolina-Virginia leaf used in "Bull" Durham. Your eye would instantly "spot" anything of a different nature. *Make the test today—* learn to "roll your own" with "Bull" Durham—and you'll find the greatest smoke-enjoyment of your life.

## BE SURE AND VOTE TUESDAY

Tomorrow the voters of Ohio, under the primary law, have the privilege of going to the polls and voting for candidates for delegates to the national and state conventions. There ought to be considerable interest, yet indications are that there will be a very light vote. Yet there ought to be an emphatic expression of the will of the people. There ought to be a very large vote cast owing to the importance of the conventions that are soon to be held.

There are contests of various kinds, several candidates being aspirants for delegateships. For instance, the Democrats have five candidates for delegates at large, Ex-Governors Cox, Campbell and Harmon, and Senator Pomerene, and Frank S. M. Monnett has been about everything politically under the sun and is not deserving of the vote of any Democrat.

On the Republican side there are seven candidates for the four delegates at large, the four regularly endorsed by the party being Senator Harding, Governor Willis, William Cooper Proctor and J. J. Sullivan. Then there are three others, Matt Glaser, S. G. Giffin and Ralph Tyler, the latter a negro, who is making an especial appeal to his race. None of the three last named has any chance of winning, their main aim seeming to be to embarrass Governor Willis by running him behind his associates. It is not for us to advise Republicans how to vote, but there isn't any doubt in our mind as to what we would do if we had a chance. We would support the Big Four.

In the district are three candidates for the two delegateships, two of the candidates of each party being from Brown county and the third in each party being from Scioto county. We have spoken of this situation at length before and voters are familiar with it.

The main thing now is, will Portsmouth voters go to the polls? It is up to them and we are curious as to the outcome.

## MOMENTOUS DAYS AT PIKETON

How momentous questions do arise to vex and trouble the soul of the editor of the country newspaper. Now take Piketon and there is Editor Charlie Wynn tearing his shirt and pulling his hair in a campaign to circumscribe the activities of the chickens of the town and to confine them to a zone of operations bounded by the property lines of their owners. At the risk of incurring life-long enmities, Editor Wynn is tracing down the ownership of the nomadic fowls and is calling specific attention to the derelictions of both. Thus we clip this vigorous editorial denunciation from last week's Piketon Republican:

"Notwithstanding Mayor Bateman's order, P. P. Hammon's and Henry Nessler's chickens were running at large at the time this is written. Will the mayor compel these gentlemen to comply with his order?"

There lies before us as we write, an old copper newspaper heading, part of material that we purchased from the receiver of the Star. It was the heading that was used on the old Portsmouth Daily Blade, and what memories does it awaken, memories of the days when the Portsmouth Blade was the great newspaper in this section, when Valjean lived and flourished and fought and praised, when no edition was considered complete unless something or somebody was attacked. The Blade was an interesting part of the evolution of newspaperdom in Portsmouth. It served well and faithfully in its day, but it did not change with changing conditions, it did not sense the gradual growth of sentiment for fair and impartial presentation of news and distaste for personal journalism. Had it done so, it would have been with us today, occupying the position it once held as the leading newspaper of the city.

The new officials of Sciotoville made a fine start in the selection of Attorney H. Stanley McCall as the first city solicitor of the newly incorporated village. He has had experience in handling the affairs of the city of Portsmouth, and he made a most admirable record. He has a thorough knowledge of municipal law and will be a most competent and conscientious adviser.

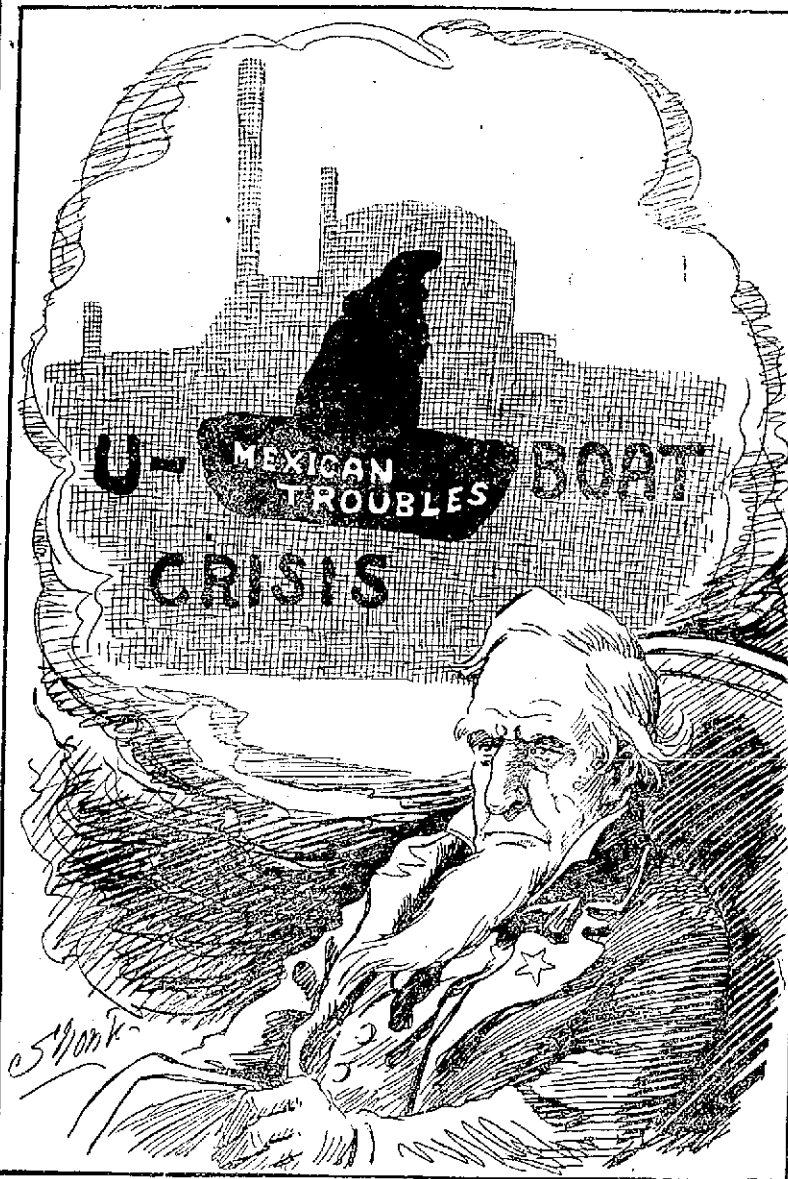

The one thing that most impressed us about the fire at Otway was that the people of the town were mighty good losers. There was no bemoaning of the misfortune. They faced the great loss they had sustained with a bravery that commanded admiration.

Tom Taggart is having a helluva time refusing to run for senator in Indiana. Tom is a wary politician, who knows the nicest and easiest way is to receive things on a silver platter, and it's safer to see the other fellows rooting around in the trough for the same.

Sizing the situation up in view of all those telegrams he is receiving, we conclude Mr. Ike Mann, congressional door leader, must begin to have a suspicion that he is not the man he thought he was.

At the local post office it was characterized as "some Easter," an unprecedented amount of mail, for the season, going out.

## OVERSHADOWED

## WE ARE ONE PEOPLE

Not so infrequently as to remove them out of the common, one hears expressions that may well lead to the belief that there is keen enmity between country and city. That such feeling, at the worst, is no more than skin deep, is happily proven by such incidents as took place at the burning down of Otway, Saturday. For no sooner had word come that the village needed aid to save it from complete destruction, than preparations were begun on the part of Portsmouth to go to the rescue. In an almost incredibly short time the gallant city fire fighters were on the ground, making ready to contest the onward sweep of the flames. It is unfortunate that, through a misunderstanding of directions, their work was handicapped in the beginning, but once in action there was no doubt left as to their earnestness and efficiency. The comparatively brief time in which they conquered the raging elements must have been akin to a revelation to the inhabitants of the scourged village, just as was the energy and courage with which they stood by their posts until all further danger was past, were seen in deep gratitude and admiration. Altogether it was a picturesque and striking exposition of American character. We scold freely and rudely at each other's ways, when they irritate us, but let misfortune impend and there is no hand so ready, so steady and so generous in offering help. No thought was given as to what or where Otway was when appeal came, the only impulse was to render the quickest and most effective rescue to our own people whose property and homes were in peril. And it was as friends and brethren that they were summoned.

We suppose that by the time Congressman Kearns gets round to speak his piece before the militant and aggressive Scioto County Republican club next Tuesday evening he will have recovered from the temporary torpor paralysis that affected him after the president made his speech to congress on foreign affairs and if he has found out anything about the matter in the meantime will tell us all about it. At that we must say Charlie's deafness and dumbness at that particular time was about the finest example of "safety first" that has come under our observation for a long time.

Just because John D. Rockefeller offers to build all the churches that his employees want is no reason why the scolder should fear that even he will not attempt to build all they need. That is no reflection upon him, but upon the others.

The deeply perturbed Lexington Herald tells us the hour of destiny has struck but whether for more pay, or shorter hours, and yet both, it fails to designate.

## NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, April 24—John piece was gone and the organ Pollock, the vaudeville man, has grunder appeared not to be able to a new method of nomenclature speak English. The gentleman which might be classed as Old called a policeman and explained Stuff—but it is real frankness just the situation. The policeman the same. He recently bought a tried for several minutes and home in Leona, N. J., on the easy walked away in disgust.

He is a plain, blunt soul whose grunder to the crowd after the pride it is never to fourth, mis-policeman left, "that they were represent or be unnatural. So in-going to search me. Well the stand of writing from Avalon, or joke would have been on them. 1 Arcadia or Birphyle he frankly swallowed the gold piece immediately after it was put in the stallment Villa." This is his letter head.

John Pollock, Installment Villa, Leona, New Jersey. But many years ago when Irving Cobb moved to Park Hill he dubbed his demesne "First and Second Mortgage Manor." An editor wrote him once asking for a little review of his life and he started off with the announcement that he was a member of the "Yonkers Pressing Club."

T. E. Niles has been made managing editor of the New York Tribune where he is surrounded by quite a number of men the Tribune secured when it began its revival propensities, who were with Mr. Niles on the Evening Mail.

Among them are Grantland Rice the sporting editor; W. P. A., the humorist, and R. E. MacAlarney, city editor. Mr. Niles succeeds Geoffrey Parsons who says he would rather write editorials than managing edit a paper and so at his own request he returned to the editorial page.

On Fifth Avenue one day this week a gentleman dropped a coin into a tin cup held by a monkey. A moment later he discovered that instead of having given a nickel he had given a \$5 gold piece. He return to the organ grunder and asked for the gold piece.

The tin cup was still in the hands of the monkey, but the gold

## There Are Others

Mr. and Mrs. Clayton have laugh visited at the home of the Freedom correspondent. Sunday. Ulate is strong on preparedness just about dinner time. Bureau account of the war, it is expected that it will be the biggest season on record.

The novelty stores are opening by the scores and about 1000 new roller chairs have been rented for the patrons. Other sea coast resorts near New York are also expected to do a big business and with the announcement by the New York hotels that they are going to do the greatest business in history—it is quite evident that some of them are going to be fooled.

**NEW YORK STOCKS**

New York, April 24.—Sentiment was much encouraged today by better than expected international conditions and material recoveries from last week's liquidations were made.

The more encouraging factor of foreign advances was largely responsible for the pronounced recovery in prices of leading stocks at today's active session. Advances of 1 to 3 points were registered by Crude Oil, Standard Oil, American Locomotive, General Electric, International Harvester, and Industrial Alcohol, while Mexican steel also rebounded sharply. U. S. Steel also pointed up on an initial sale of 2000 shares subsequently adding to this gain. Erie and Southern Pacific maintained firmness but the movement was of altogether upward as was demonstrated by the buoyancy of Canadian Pacific and Union Pacific, as well as other specialties.

Basty covering of short contracts was an important factor in the early rise, the bears being routed at almost every point and suffering a severe reduction in last Saturday's paper profits. Buying diminished perceptibly before the close of the first hour, the period, however, witnessing an outburst of almost 20,000 shares. Realtime sales contributed to the impetuous recessions of the second hour, but this setback was met by a fresh inquiry for the speculative leaders, U. S. Steel and Crude Oil, as well as other favorites, increasing their advance. Bonds were firm.

High prices were made by speculative issues in the final hour, Marine preferred leading the list. The closing was strong.

**CHICAGO GRAIN AND PROVISIONS**

Chicago, April 24.—Notwithstanding that considerable strength developed in the wheat market today, a sharp reaction followed. The strength was due chiefly to reports that a break between Germany and the United States seemed likely to be averted. Optimism in prices, however, brought about active selling as big houses, the result was a setback all around to well below Saturday's finish. Opening quotations which ranged from half to 1/2 up, with May at 119 1/2 to 119 3/4, and July at 119 1/2 to 119 3/4, were succeeded by slight gains and then a sudden descent.

The market closed unsettled, a shade to 1/2 higher, with May at 119 1/2 and July at 119 3/4.

Corn took the same course as wheat. Higher prices led to increased offerings from which the majority of traders backed away.

Majority of traders backed away. After opening a shade off and advance of 1/2 to 3/4, the market underwent a sharp decline all around.

In oats and in other grain, weakness ensued as soon as holders found a chance to realize at an advantage. Demand was only of a scattering sort.

Higher prices on hogs lifted provisions. Hog receipts were less plentiful than expected.

Future deliveries of provisions went to the highest local level this season. Cattle were current but big sales of hogs had been made to foreigners.

parties decide to make their married life one continuous honeymoon, they can do so. On the other hand if they begin to fuss and find fault immediately after the ceremony is over, they cannot expect to be happy. Of course when a girl gets married, and takes a man for better or worse she naturally must expect to assume great responsibilities sooner or later. She can't expect to have her path strewn with roses at all times. If she marries a poor man, or one in ordinary circumstances, she must also expect to work and help him fight the battles of life. However, no girl need plunge headlong into matrimony. She should look before she leaps, and find out just what she is getting into. Whether her life will be one of drudgery, or one of comparative ease, rests on her own shoulders. She should find out how much money her would-be husband has saved and how much he makes before taking the final step. She should also study his character, and that of his ancestors. If he is a good, clean man, physically and morally, with a pleasant disposition, and is not too stingy, she is not running very much of a risk in marrying him. As for drudgery and poor pay, that also depends on the wife. Housework for an ordinary family should not be a drudgery if one knows how to systematize and manage their work. It's really a picnic, compared to the work some women have to do out in the world. If a wife knows how to handle a husband and his money she will be entrusted with

his pay envelope every week. The reason there are so many unhappy marriages and mismatched couples in the world is because girls and boys—mere children, are permitted to marry. Many of them get married for fun, or a joke, others to "put one over on their friends." They never stop to think of the seriousness of the step they are about to take. Another reason is because it's so easy to get "unmarried." They think it isn't necessary to consider the matter, because if they don't like each other, after awhile, they can get a divorce and marry someone else.

Dear Dolly—My friend wears pink stockings and very short skirts and she attracts a great deal of attention from the fellows when I am with her. I do not like this and neither does my mother. How can I keep her from wearing them? I have told her how much attention she attracts, but she does not care what I say. Are pink stockings in style?

MABEL.

Pink stockings are not worn with short skirts by well dressed girls. I think you had better give up this girl and find a more respectable friend.

Dear Miss Wise—My parents seriously object to my having anything to do with boys, but one of the boys at high school has invited me on several occasions to go to basketball games, and now has invited me to a school dance. My folks don't object to dancing but they do object to boys, and I am wondering if it would be wrong for me to simply go to one of the girls' houses to stay all night and go to the dance. From there, not saying anything to my parents about it, or insist that I be permitted to go.

HIGH SCHOOL GIRL.

Don't you know that deceptions of that kind build up a character you don't want? There are few people in the world who know the value of plain truthfulness, and how much better it serves them anything else. Tell your mother and father how much you want to go to the dance—who of your friends will be there, and how much you would appreciate their permission to go. After that, if they refuse, accept it with the best grace you can, but don't consent to a lie. You have as many years before you to have fun with friends, that after all, this disappointment will look pretty small in perspective.

### First Christian Church

That an eight day revival is "sent into the day thereof," has been proven beyond the peradventure of a doubt by Rev. Charles R. Oakley, pastor of the First Christian church. Time was when the saving of 100 souls in a five weeks' revival would be heralded as a most wonderful success. But Rev. Oakley had the extreme satisfaction of greeting his flock on the eighth day of the revival, and his congregation was so full of joy and praise that he had to turn away from the door of the church, completely overcome by the joy of the occasion. It was his contention that as many souls could be saved in eight days as could be saved in eight months, so though the revival had extended over a month's time.

Hallelujahs were sung at the First Christian church Sunday night. The members were elated over the revival, while the popular minister was joyfully happy at the great finish. The members approached Sunday with high hopes. When the time for the revival had arrived Sunday morning, the church was full of joy. The members showed that 71 persons had joined the church during the eight days of revival effort are full of joy. The members showed that 71 persons had joined the church during the eight days of revival effort are full of joy. The members showed that 71 persons had joined the church during the eight days of revival effort are full of joy.

It was the biggest day in the history of the church of the revival. The members have been strengthened amazingly. They realize that in Rev. Oakley they have a leader who is alert, earnest, courageous, ready to lead. Rev. Oakley likewise realizes that he has linked his life and efforts with a live people—every member being ready to accept and execute a command. It's a most happy combination all around and never was there a congregation so happily united as the one that worshipped at the corner of Third and streets, Portsmouth, O.

However, the night service was the cap sheet of the entire day. It was necessary to throw open the entire building to accommodate the mammoth crowd. Rev. Oakley's sermon on "Withering Words" was a masterpiece of effort. Nature was his more eloquent or more convincing. That his effort counted was shown by the response.

On Wednesday evening reception to the new members will be held in the main auditorium of the church. Reserved seats for the 153 members who have joined since the first of the year will be provided and a grand time is anticipated. Refreshments will be served and several short addresses made. Every member of the church is cordially invited to attend. Come and give the new members the glad hand—make them feel that their lot has been cast in pleasant places. Services begin promptly at 7:30 o'clock.

## MANLY CHURCH NOTES

Easter was observed at Manly by beautiful and impressive services. The morning service was given over entirely to the Easter program of the Sunday school. There were 700 present at Sunday school, which breaks all previous records at Manly. One hundred and sixty-two dollars was given in the special self-denial offering for missions.

After a short study of the lesson the primary department marched upstairs and a fine program was rendered. First was an exercise by ten little girls from the primary department and a song, "Christ the Lord Is Risen," by the entire department. Then followed a responsive reading, led by Superintendent Guffy, prayer by the pastor, and an anthem, "Sing Unto the Lord," by the church choir. "Christ Is Risen" was sung by the primary department and three little girls in turn recited a beautiful Easter sentiment.

Perhaps the most beautiful of all was the exercise, "The Hope of the World." Five boys and girls, representing India, Africa, China, Europe and America, presented the conditions as they are found in each of these countries, in regard to the children, each one closing with the statement that the hope of this country is in the children and the hope of the children is in the risen Christ. Then another boy with appropriate words, unveiled a beautiful copy of a painting entitled "The Hope of the World," which represents the Christ gathering around Him children of all nations and colors. This exercise was concluded with a solo, "The Hope of the Nations" by Miss Atlanta Willis.

Rev. Gilliland then baptized seven infants and children. First Cora, 15-58, "Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, for as much as ye know that your labor is not in vain in the Lord," was the text of the pastor's Easter message. At the close five new members were received into the church.

At the evening service the choir rendered Dr. Emerson's masterpiece, "Hallelujah's Land." The subject of the evening sermon was "The Christian Life, And Progress In It," the second of a series on the Christian life. The text was John 15:4, "Abide in me, and I in you." Rev. Gilliland showed very clearly that our Christian life amounts to nothing unless we are making progress, growing and increasing. And the only way to keep growing is to abide in Him and He in us; to be a part of our lives, even as the vine and branch are one.

Next Sunday morning the Hon. R. A. Mack, of Cincinnati, will occupy the pulpit. The evening sermon by the pastor will be the last of the series on the Christian life entitled "The Christian Life, Its Completion and Its Rewards."

The Woman's Foreign Missionary Society will meet Tuesday afternoon at 2 o'clock at the home of Mrs. Lowe, 1943 Hutchins avenue.

The King's Herald will meet with Olla and Virginia Stewart, 1111 Center street, Saturday afternoon at 2 o'clock. Children from 9 to 14 years of age are invited.

The business and social meeting of the Epworth League will be held tonight at the home of the president, Mr. J. M. Lowe, 1942 Hutchins avenue.

The Young Men's Brotherhood will hold a business and social meeting in the church parlors, Thursday evening at 7:30, at which time the installation of officers will take place.

state department the opportunity to make counter-proposals to Carranza, who has asked for a withdrawal of the American soldiers. The department can now urge Carranza to show greater co-operation as a means to secure the early withdrawal. General Scott is expected to return to Washington in a few days.

Withdrawal of the advanced forces in Mexico to the Casas Grandes region, 100 miles south of the border, is regarded by war department officials as the possible purpose of the redistribution of the troops General Funston has been authorized to make. Army officers pointed out that the retirement suggested would cut the communication lines to 100 miles from the present border base. The shorter line could be maintained with ease, they said, regardless of the use of railroads, of weather conditions or of the attitude of Carranza military commanders.

Washington, D. C., April 24.—General Carranza has asked for an early reply to his note of April 12, suggesting that American troops be recalled from Mexico.

It is understood the request was made directly by General Carranza through Special Agent Rodgers at Mexico City.

Confirmation of the capture by Carranza troops of Pablo Lopez, Villa's chief lieutenant, reached the state department today from Consul Fletcher at Chihuahua.

The message said Lopez was being held in jail there until American officials or army officers could talk to him and satisfy themselves of his identity.

**VILLA IS THERE**

OR SOME PLACE ELSE  
Field Headquarters, Naniquipo, Mex., April 24.—(By wireless to Columbus, N. He is said to be either dead or in hiding in the Sierra Madre mountains northwest of Parral.

**DENY A REPORTED**

CLASH WITH MEXICANS  
El Paso, Texas, April 24.—Neither General Bell at Fort Bliss nor military headquarters at Columbus, N. M., had any Mexican report that American negro soldiers had an engagement with civilians at Satero. The report, which is not credited, said several negroes were killed.

**VILLA AGAIN LOCATED**

San Antonio, Texas, April 24.—Francisco Villa, slightly wounded, but not incapacitated, is reported to have moved into the mountainous region northwest of Parral. This information, which reached Major General Funston today, is from a source that causes him to regard it as authentic.

Villa was last reported seen at Nonoava, about 55 miles by trail, southwest of Satero, where the most advanced of General Pershing's forces were yesterday.

Three solitaire diamond rings and a diamond brooch worth possibly \$800 and owned by Mrs. J. E. Walsh, of Otway, and a two carat ring worth \$400 owned by Dr. John

Walsh, her son, a dentist of this city, reposed in an old fashioned wash basket for many hours after the fire at Otway before being found. The basket had been carried some distance from the

fire zone and was not found until Monday morning. Dr. John Walsh of this city was in Otway this morning and a search instituted by him resulted in the basket being discovered.

**Egg Rolling Contest**

Following a custom of long standing, an egg rolling contest was pulled off in Shabtown Sunday afternoon. Hundreds of highly colored eggs were rolled down a small board that had been tilted on one end and if the egg in its descent struck another one it was picked up by the owner of the "roller." Many dozens of eggs exchanged owners and the egg rolling furnished amusement for a big crowd of onlookers.

# Attorneys Adopt Resolutions Of Respect For Late Judge Bannon

The Scioto County Bar Association at its memorial meeting held at the courthouse Saturday passed the following resolutions of respect for the late Judge James W. Bannon and ordered the same to be spread upon the records of the court of common pleas:

To the Scioto County Bar Association:

Your committee, recently appointed, respectfully submit the following memorial on the life, character, and public services of James William Bannon.

James W. Bannon was born in Portsmouth, Ohio, September 22, 1841, the son of Edward Bannon, and Bridget Derrin Bannon, both from Ireland. He attended the public schools of Portsmouth till he was fifteen years of age. He entered, at this early age, the law office of Hon. Samuel Miller of this city, and there remained until he was twenty-one years of age. He there developed the characteristics, which he carried through life. As an employee he was bright, cheerful, glad, industrious and courteous.

During this period he was employed as a law student of Judge William V. Peck, of the supreme court. After his admission to the bar he entered the army and was first sergeant of Co. E, 1st Ohio Volunteer Infantry.

After the close of the war he returned home, and entered into partnership with Judge Henry A. Tonne. Later he formed a partnership with Thomas C. Anderson, and still later with his two sons, Henry T. Bannon and Arthur H. Bannon.

Judge Bannon was an ardent Republican, contributing generously of his means and time for the promotion, and perpetuation of the principles of his party. But he was never at any time an aspirant for office. The people of his county, recognizing his ability and worth elected him in 1872 a member of the Ohio Constitution Convention. He was elected to succeed Judge A. C. Thompson as a common pleas judge of the district in 1884, and held the office until February, 1887. He was requested by the bar, his party and people to become a candidate for re-election, and courteously but firmly declined further judicial service.

The only other public office he held was a member of the board of this city. He was

engaged for a number of years in the coal business in Jackson county, Ohio, being a director in the Franklin Coal company, and the Superior Coal company, and an associate of Eugene Zimmerman, Morris L. Sternberger and H. S. Willard. He was a prominent factor in the development of the great brick industries of southeastern Ohio. For many years he was general counsel in this state of the Norfolk and Western Railroad company, which position he held at the time of his death, serving his company with great fidelity and marked ability.

He with Simon Labold reorganized the old First National bank, which later absorbed the Portsmouth National bank, and was elected its president, which position he held for several years. This strong financial institution owes much to the spirit, energy and ability of Judge Bannon.

On December 2, 1915, he was elected president of the Portsmouth Bar Association. He succeeded Hon. George O. Newman, who from the organization of the association was its president. Judge Bannon was elected by the unanimous vote of the association. No other member of the bar was suggested for the position.

At the banquet tendered by Mr. Newman, on his removal from the city, Judge Bannon, the dean of the bar, made one of his able, clear and interesting addresses, upon the "Lawyers and Judges of South Eastern Ohio, Prior To 1870, Whom He Had Known."

The members of this association will long remember and kindly cherish his most interesting and admirable address. It was perhaps his last public address.

During the last six or seven years he made several extended trips to Europe, principally for the benefit of his health. He spent much time on his fine farm near Lucasville. He was a model farmer, and derived much pleasure in arranging, improving, and beautifying his lands. He loved the country and enjoyed out door exercise. His farm was his delight and pride.

For the last two years his health was much impaired, and feeling that the climate of Southern California would be beneficial, on February 11, 1916, accompanied by his wife and only daughter, he went to Los Angeles. In that city

on the 7th day of March, 1916, in the presence of his wife and daughter, "Full of years and honors he gave his blessed part to Heaven and slept in peace."

Thus at the age of 75 years, he quietly laid down his life career. His long, useful, and inspiring career was closed. To his dear loved home, he was brought, and here amidst flowers which he loved so well, and surrounded with old, true, loyal friends, on Monday, March 13, 1916, in our beautiful cemetery, he was kindly and lovingly laid to rest.

There were tearful eyes, there were tearless eyes, but all realized that a good, grand, noble character was lost to us forever.

We have given here but a brief outline of the life and principal events in the life of Judge Bannon. We have not attempted to portray his real life and character.

His was a life of labor, activity, and usefulness, as well as of unsullied purity, uprightness and friendship.

In the few public stations held by Judge Bannon he was distinguished by marked ability, industry, and integrity. As a member of the bar he stood in the very front rank of his profession. He prepared his cases with great care and presented them to court or jury in a logical and clear manner. His mind was singularly acute, and clear, and his arguments were strikingly sincere, persuasive, and convincing. He was gifted with the power of producing conviction in the minds of his hearers.

The records of our courts, common pleas, circuit, and supreme, show his careful, painstaking preparation of his cases. His briefs filed in these courts, testify to his ability, and his legal learning. In all public stations he acquitted himself with the highest order of carefulness and ability.

Judge Bannon, on the 24th day of April, 1866, was married to Mary E. Smith, eldest daughter of Judd G. Smith, a large iron operator of Southern Ohio. This union was broken by his death. His widow and four children survive him; Henry T., Arthur H., James W., and Charlotte. "May the dew of a generous Heaven fall thick in blessings on them." This sketch would not be complete, if it failed to express the warm, tender endearment he had for his family and home. He built a beautiful home known as "Bannon Place" overlooking the city, and there he really lived, surrounded by all his family, wife, sons and daughter. They all worshiped and adored him, and he alike adored and worshiped them. They lived a most happy and beautiful life. There were always flowers, sunshine and laughter and happiness on "Bannon Place."

The purity of his life, the sweetness of his temper, and his constant, never failing friendship and amiability, his large fund of knowledge, and his charming humor and rare conversational ability, made him one of the most attractive and agreeable gentlemen of South Eastern Ohio.

In closing this memorial we can well say of Judge Bannon, as was said of a distinguished supreme judge:

"His loss will most be felt by those who knew him best, for during all his unassuming, useful years, he illustrated the high characteristics of the American citizen, in the relations of family, neighbor, lawyer and public man, and as our last tribute to his worth, we should thank the Author of being, for the good example of such as he, who have lived without reproach, and having finished their course, do now rest from their labors."

Respectfully submitted, ANSELM T. HOLCOMB, GED. M. OSBORN, J. P. PURDUM, NOAH J. DEVER, THOS. C. ANDERSON, April 22, 1916. Committee.

## Adams Car Plunges Down Embankment

In turning the Adams Bros' baby-foot embankment, The machine delivery truck around on Scioto Trail, near the Portsmouth Paying Brick Company's shale bank, about noon Sunday, Arthur Adams, baker, drove the car over the west bank. The machine plunged down a ten-foot embankment. The machine stood on the front end, Adams leaping out as the car left the road. A near wheel was smashed and the fenders were badly bent. A "wrecking crew" from the E. L. Anderson garage pulled the car back on the road and into the garage for repairs.

### MR. BAUER MISTAKEN FOR CHIEF

John C. Bauer, of the Gilbert Grocery Company, is wishing that there might be some way found for letting certain people know that he is not Portsmouth's chief of police. Time and again he has been stopped on the streets, and before he could get a chance to explain, the Mr. Bauer and Police Chief Henry persons would be airing their grievances or troubles. Several such he has directed to call at the mayor's office, others he has assured of an early investigation of their wants, and while all have been more or less amusing to him he does not want the practice to continue. There is a strong facial resemblance between Mr. Bauer and Police Chief Henry persons would be airing their grievances or troubles.

## Good Chance For Thief

"If the parties who stole all but a few hyacinths from the bed in the front yard of my home, Saturday and Sunday night, will return tonight, I will give them the rest of them." Mrs. Bernard Sommer, of 1740 Fifth street, said Monday. Thieves practically ruined her fine bed of hyacinths, which she so carefully had looked after for the Easter tide.

### TO OBSERVE "TRUSTEE'S NIGHT"

Next Sunday evening will be "Trustee's Night" at the Second Presbyterian church. The newly elected trustees will be installed into office. After the service the trustees and their wives will hold a reception before the altar.

## Combine Classes

The Good Fellowship and John E. Williams' bible classes of the Second Presbyterian church have been combined into one class, the classes joining Easter morning. There were 125 present Sunday morning.

Rev. G. P. Horst taught the class and after services the following temporary officers were elected: Teacher, Prof. Clark Fulton; president, John W. Williams; vice presidents, P. E. Bow-

ler and Thomas Chamblin; secretaries, Arthur Knowles and Al Patton; treasurer, William Hoss; choristers, Ben Harris and Mendell Jones; chairman of the Boosters' committee, George Carlyle. These officers will serve until September 1st when new officers will be elected.

## COMMITTEE TO MAKE FINAL ARRANGEMENTS

Tonight the committee in charge of the anniversary of American Odd Fellowship will complete arrangements for the celebration, which is to be held on Wednesday evening, the 26th inst., at the Odd Fellows Temple, Fifth and Court streets.

An interesting program is promised and all the various organizations affiliated with the order will participate. All Odd Fellows and their friends are invited and the evening should be most pleasant to all.

The first lodge in the United States was organized at Baltimore, April 26th, 1819, and was composed of five members, of whom Thomas Wilkey was the leading spirit. The membership in this country now exceeds 2,000,000 and there are grand lodges in all the Canadian provinces and in most of the civilized countries of the world. The influence of Odd Fellowship is a power in the alleviation of distress and the charity it dispenses.

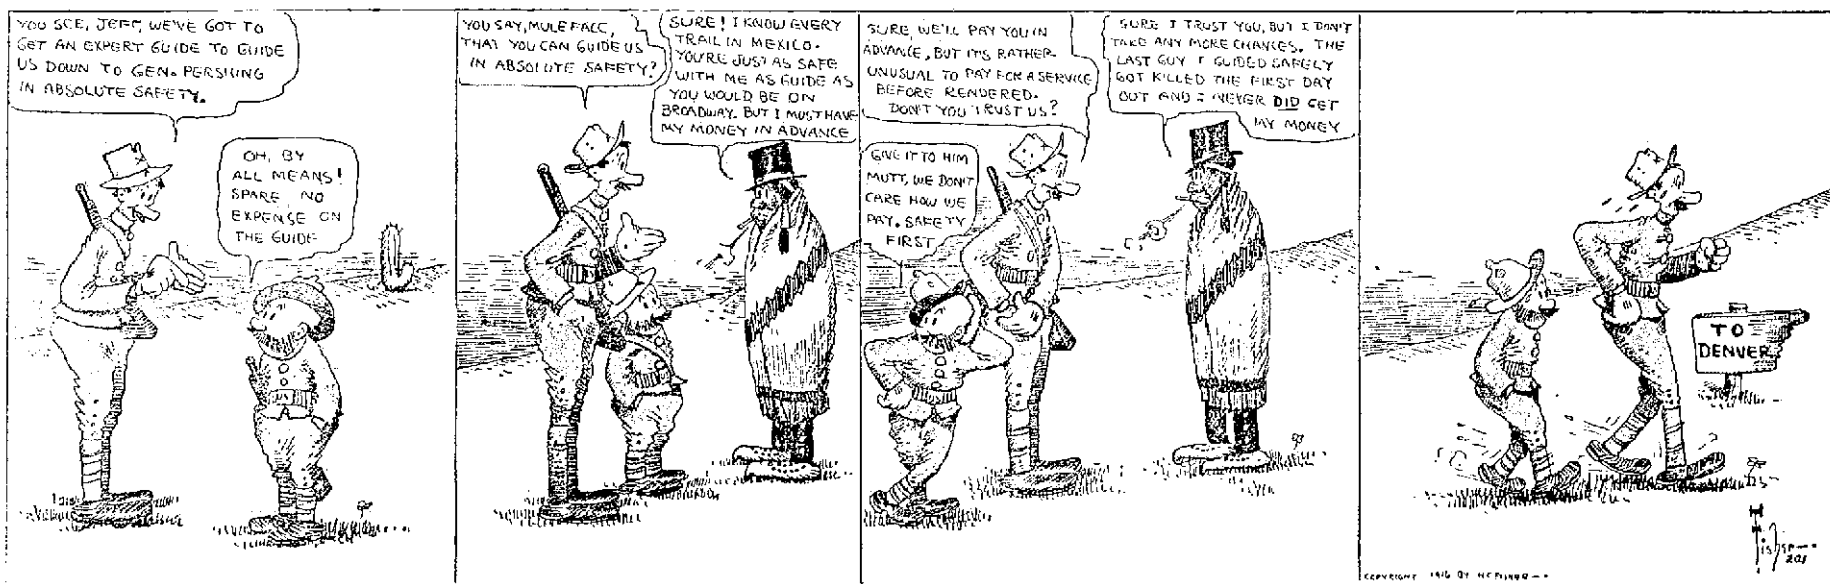

### The Aches of House Cleaning

The pain and soreness caused by brushes, over-exertion and straining during house cleaning time are soothed away by Sloan's Liniment. No need to suffer this agony. Just apply Sloan's Liniment to the sore spots, rub only a little. In a short time the pain leaves, you rest comfortably and enjoy a refreshing sleep. One grateful user writes: "Sloan's Liniment is worth its weight in gold." Keep a bottle on hand, used it against all Soreness, Neuralgia and Bruises. Kills pain, 25c at your Druggist.

### MAYOR'S PROCLAMATION

Tuesday April 24th, 1916, there will be held within the corporate limits of the City of Portsmouth, State of Ohio, an election. In pursuance of the statute made and provided in such cases, I wish to call the attention of the general public to the statute prohibiting the sale of intoxicating liquors on that day.

Ohio General Code Section 12197. Whoever sells or gives away, spirituous, vinous or malt liquors on an election day, or, being the keeper of a place where such liquors are habitually sold and drunk, fails on an election day, to keep it closed, shall be fined not more than one hundred dollars and imprisoned not more than ten days.

In compliance with said statute, it is hereby ordered that all places within the city of Portsmouth, at which intoxicating liquors are sold, close at 11:30 p. m., Monday April 24th, 1916, and remain closed continuously until the hour of 5:30 a. m., Wednesday April 26th, 1916.

Given under my hand and this 24th day of April, A. D. 1916.

H. H. KAYS, Mayor of the City of Portsmouth, Ohio.

# Easter Services Were Impressive; Weather Prevented Annual Parade

Notwithstanding the unfavorable weather, thousands of Portsmouth people attended the annual Easter services which were held at the various churches in the city Sunday. Special sermons were delivered by the ministers, depicting the scenes accompanying the glad Easter-tide.

The graceful arcades, massive walls and sombre cloisters about the altars of the different churches were resplendent with bright patches of green, through which protruded bunches of pale slender Easter Lilies. Banded palms and rubber plants formed a network of shaded green about the steps in front of the altars.

Special musical programs predominated at most of the services.

Usually Easter marks the end of winter and heralds the return of Spring. Nature and people alike cast aside the sombre colors of winter and don the bright, fresh hues of spring.

But this year the threatening weather had a material effect upon the "Easter Parade." For but few Easter bonnets and light spring dresses were seen upon the streets, which were practically deserted after the church services were concluded. The usual large number of light tweed suits gave way to overcoats and winter clothing.

Most every Easter the streets of the city are crowded with neatly attired men and prettily gowned women; but this year the weather made it necessary to postpone this annual custom.

Brant against Frank Poole, special docket Friday, nine o'clock. Hearing on the Jones Law petition Saturday at nine o'clock.

## Name Receiver For Bonding Company

Chicago, April 24—James S. Hopkins today took charge as receiver of the Illinois Surety Company, a bonding concern, of which his father, former Senator Albert J. Hopkins, was president. The receiver was appointed through the voluntary action of its stockholders, who recited to Superior Court Judge Charles Foell that the company became insolvent through the failure of the La Salle Street Trust and Savings Bank and alleged misconduct of the company's New York agent, D. C. Mackey.

It was announced that the National Surety Company would take over the bulk of the business of the Illinois Surety Company, but that minor bonds will have to

run to their termination in the Illinois Company, which will delay liquidation. The company officials assert that no one will lose a dollar through the proceedings.

A number of persons may be quite heavily affected by the throwing of this company into the hands of a receiver. It is the guarantor of Harmon Brothers, bankrupt contractors on the post office, and they now have suits pending against it in the Federal court at Cincinnati, of around \$13,000 for labor and material furnished Harmon Brothers. The official bond of Postmaster Vallee Harold and a number of clerks, carriers and country postmasters are also bonded with it.

## SUNDAY SCHOOL ATTENDANCE

A new Sunday school record was made in Portsmouth Sunday, when 8,010 persons attended Bible school exercises in fifteen Sunday schools. Including the smaller schools not counted in the fifteen, the total mark probably

reached the 8,600 mark.

The day was ideal for a large turnout and as Easter programs were given in the majority of the schools, tardy pupils and absentees of some time, got a hurry on themselves and attended Easter morning services. New Bible school records were made by several schools. The largest number in the history of the Second Presbyterian were present Sunday morning. Manly, German Evangelical, Grandview Avenue Christian and New Boston Baptist hung up new attendance records. One week ago the total was only 6,527, Easter bringing an increase of 1,783. Six of the schools had over 500 present. Christian is still in the lead with Trinity second. Sunday's record:

Christian	1204
Trinity	1128
Second Presbyterian	1076
Manly	708
Bigelow	543
German Evangelical	540
New Boston Baptist	450
First Presbyterian	412

## THE TRUTH ABOUT RHEUMATISM

Doctors have more kinds of theories about Rheumatism and its causes than there are days in a month.

Some doctors make the claim that what you call Rheumatism is something entirely different; that it is a germ disease.

But you, who are bent and sore and stiff and doubled up with pain, and can't sleep or enjoy life—you know that Rheumatism is a very real thing to you.

You need, most of all, the treatment that has helped, and perhaps cured, more people of Rheumatism than any other—the one that goes to the seat of the trouble; that loosens up the stiff joints, eases the pain and eradicates the effete, poisonous matter which clogs up your whole system.

This treatment is Dubl-R—remember the name—the double Rheumatism medicine that is recommended and sold at Fisher & Streich Pharmacy and nowhere else in Portsmouth.

## POLITICS

James W. Faulkner, in the Cincinnati Enquirer this week explains the defeat of the Free Text Book law, according to claims made by Oscar M. Hines, and incidentally mentions the three candidates for the speaker of the House of Representatives, of which trio Hon. William R. Sprague, of Portsmouth, White more is at present the speaker pro tempore. It is difficult for the Democrats ever to gain control of this branch, because of the apportionment which gives each county a member without regard to population. It is necessary, therefore, for the Democrats to carry all the large cities of the state, and as this doesn't always happen, the control is uncertain. The same apportionment gives the thinly populated rural counties the advantage and also turns control over to the prohibition element. The three candidates named are as dry as Sahara and the prohibition organization need have no worry over the complexion of the committee on Temperance and the Liquor Traffic.

Though the majority hasn't been assured for them, yet there are now three Republican candidates for the speakership of the next house of representatives. They are Judge Jay Mansfield of Steubenville, Frank Whittemore of Akron, and William R. Sprague of Portsmouth. Whittemore is at present the speaker pro tempore. didn't get out any extra editions upon any of the remarks delivered by any of Ohio's distinguished sons.

There is much to be pleased over in the decision of the Supreme Court. For one thing it will compel the politicians of both parties hereafter to cease netting the pig when the task of making up the bill for congressional representation is undertaken. Under the existing law no Republican was given consideration just as under the bill defeated at the referendum no Democrat was given a thought.

The first bill was said to have been written by Representative W. D. Fulton, of Licking, and the second by Representative W. R. Sprague, of Scioto. But in truth and fact both bills were constructed outside of the halls of legislation, being the product of the professional politicians and the various candidates—Republican and Democratic—for the congressional nominations. Some of the Democratic district leaders fell out with Governor Cox because they blamed him with participation in the Fulton bill, while Governor Willis has been made to feel the opposition of disappointed office-seekers who were shut out by the Sprague bill.

## GRIP AND NEURASTHENIA

There is a form of neurasthenia that follows the grip. Doctors call it "post-grip" neurasthenia. One of the foremost medical authorities of New York city in a lecture in the international clinic, said:

"Broadly speaking, every victim of the grip will suffer from post-grip neurasthenia also. Lowering of nervous tone with increased irritability is the most striking effect of the disease, languor of mind and body, disturbed sleep and vague pains in the head and elsewhere. The treatment calls for rest and a tonic."

Dr. Williams' Pink Pills, a non-alcoholic tonic, are particularly suited for building up the blood and strengthening the nerves after an attack of the grip. The rich, red blood expels the lingering germs from the system and transforms dependent grip victims into cheerful, healthy, happy men and women.

If you have had the grip get a box of Dr. Williams' Pink Pills now from the nearest drug store and begin the treatment at once.

On request we will send you a free pamphlet, "Building Up the Blood," which contains a chapter on the grip. Address the Dr. Williams' Medicine Co., Schenectady, N. Y.

## Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenameled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them.

To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Snare the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send in stamps or coin for simple tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

## THEATRICAL

### "The Rosary"

The following is the story of "The Rosary" which comes to the Sun theatre tonight, Tuesday and Wednesday, presented by the Palace Players:

Bruce Wilton has amassed a fortune which he has lavished on his wife, Vera.

Their household is a happy one but in creeps a note of menace. No one hears it at first save Father Kelly, a priest, the former tutor of Bruce. Quietly he goes to work with his sharpened sense to find the person who is causing the adverse influence in the household. Almost on the verge of discovering the cause, calamity descends upon the Wilton house. Bruce's fortune is swept away, and in such a manner that he leaves his wife the cause of his ruin.

Husband and wife are separated, the home is destroyed and yet the cause of all this disaster is unknown.

Father Kelly, with a faith that moves mountains, goes on quietly, serenely and confidently with but one purpose in view, the happiness of those he loves.

He solves the mystery and lets the white light of truth into the minds that have been darkened by evil.

# Choice-of-House Sale of Women's Suits \$18.00

Values up to \$40.00

Tuesday morning we take our entire stock of women's cloth suits, more than one hundred in the lot, and offer them at the one price of \$18.00 for your choice. This after-Easter sale is but a part of our Spring campaign to offer merchandise at lower than regular prices even in the face of heavy advances all along the line.

It takes careful planning and the most efficient buying to be able to offer a lot of more than a hundred suits worth up to \$40.00 at \$18.00 for your choice, yet this we now do.

# Every Cloth Suit in the Store and Even Some Silk Suits Choice \$18

Don't delay your purchase at this sale for scores of women are anxiously awaiting just such an opportunity as this. The suit you would most prefer might be sold early Tuesday. Owing to the remarkable low prices asked for suits of unusual value it will be necessary for us to charge for alterations if any be needed.

# COUNTY NEWS

South Webster M. E. church was filled to overflowing Sunday evening at 7:30 o'clock when the pastor, Rev. Charles Lee Dix delivered the baccalaureate sermon to the South Webster high school graduates of 1916. The graduates are Miss Anna Kanouse of Hales Creek and John Fenton of South Webster.

Rev. Dix took for his subject "Character Building," a subject that well fitted the services. The sermon contained many strong points. Rev. Dix pointed out the many pitfalls that the students will encounter in their new walk of life.

"By keeping right with God and letting Him direct your footsteps all these difficulties will be overcome," said Rev. Dix. Music was furnished by the South Webster orchestra.

A class play "The Masonic Ring" will be given by high school students Thursday evening. The commencement exercises will be held Friday evening at the South Webster M. E. church at 7:30 o'clock. Prof. L. E. Wolfe of Ohio State university will deliver the commencement address.

The following program was rendered at the Painesville high school of Green Township last Wednesday:

NERVOUS BREAKDOWN

Stanford, Conn., Nurse Tells How She Found Health

Stanford, Conn. "I am a nurse and suffered from a nervous breakdown. I had no appetite and could not sleep at night, and nothing seemed to help me. By chance I heard of Vinol, and after taking the first bottle I noticed an improvement, and four bottles made me well and strong, it gave me a hearty appetite, so I can sleep easily night or day. I consider Vinol a wonderful tonic." Edith R. Forbes, Stanford, Conn.

The reason Vinol is so successful in overcoming such conditions is because it is a constitutional remedy and goes to the seat of the trouble. It is the greatest strength creator we know. (due to its extractive medicinal elements of fresh cod livers without oil, combined with potentium of iron and beef peptone, all dissolved in pure medicinal wine.

We have seen so many wonderful recoveries like this right here in Portsmouth caused by Vinol, that we feel perfectly safe in advising you to return money in every case where Vinol fails to benefit.

# See the WHITTALL RUG on the Sidewalk

This is "Home-Craft" Week at Andersons' House-keepers, Lend Us Your Ears!

Easter is past and your spring clothes have had their inning. How naturally now that every housekeeper's mind should revert to her home and to the annual spring re-arrangements which includes housecleaning, new rugs, new curtains and new draperies. We knew you would be wanting assistance today, tomorrow and this week and next along this very line so we inaugurate our "Home-Craft" week for your benefit.

# Room-Size 9x12 Feet Rugs Walk on Our Whittall Rug

To begin with we have placed one of our Whittall Rugs across the sidewalk in front of our main entrance and we don't want people to tip-toe when they walk over it either. If possible bear down a little harder just like your boy does when he hustles over your best rug with his rough play shoes. We intend to leave this rug out every day this week and we hope it rains and snows and sleet, and hails and we hope fifty thousand footsteps and more are tramped upon it. We just want to show you how good Whittall rugs are. Then when you see how rough usage they will stand without injury perhaps you will want just such a rug for your home. We sell them.

Here is a range of room size rugs that any family can make a suitable selection from, taking both price and quality into consideration. These prices do not show the full advance that is usually found on rugs today.

Seamless Brussels Rugs at \$10.50 to \$16.50

Seamless Velvet Rugs \$13.50 to \$25.00

Alexminster Rugs \$20.00 to \$32.50

Body Brussels Rugs \$25.00 to \$32.50

Royal Wilton Rugs \$35.00 to \$55.00

Old Size Rugs and small rugs at comparatively low prices.

## WILL THESE BOYS BE RECALLED FROM MEXICO TO SERVE ARCADE?

Official photographs of the expeditionary force in Mexico to capture Villa.

The information has come from Washington that in case the crisis with Germany becomes any more tense, the troops now in Mexico in search of Villa will be recalled. These photographs were taken near Parral. Upper photo shows U. S. cavalry watering their horses while resting in the intense heat of midday. Lower photo shows soldiers of the expeditionary force practicing with the rifle on the open mesa of the Mexican plain.

## OBITUARY

**Frank Von Buchholz**  
Frank Von Buchholz, aged 61 years, a brother-in-law of William M. Briggs, of the Gilbert Grocery company, died at Hempstead hospital Saturday night at 10 o'clock of cancer of the stomach.

Mr. Buchholz was operated up by Dr. Reed, of Cincinnati, Tuesday, April 13. He was a native of St. Joseph, Missouri, and had been in the Gilbert Grocery company since 1880. He was suffering with cancer of the stomach for some time.

Mr. Buchholz was unmarried. He was born at Gallatin, the only child of Francis Buchholz who came from Germany to settle in Gallatin in 1840. He was one of the first persons in this country to engage in a wool carding machine. The mother, whose maiden name was Thwaites, was a native of Lexington, Ky. Besides Mrs. Briggs, Mr. Buchholz is survived by two other sisters residing in different parts of the country. He was a member of the Christian church.

Mrs. Briggs accompanied the remains of her brother, which were taken early Monday morning to Gallatin to be buried in the family vault.

## WITH THE SICK

Attorney John A. Kilar, of Waterville, who has been a very sick man for many weeks, is no longer. He is well known in Portsmouth.

Mr. and Mrs. Eliza Storer, of Milford, O., Sunday visited the former's brother, V. V. Storer, who is still laid up at his home in New Boston from the effects of his accident last October, when he was run down by a B. & O. train. His condition remains very poorly.

Mrs. John Heinlein, wife of a Washington Hotel clerk, continues critically ill at their home in Chillicothe.

Homer Russell, of Eleventh street, who has been ill for two months, left Saturday for Nelsonville, O., for his health and to visit his aunt, Mrs. Edward Higgins.

Mrs. Mary Kuhlmeier, mother of Mrs. Fred W. Bauman, of this city, is steadily recovering from her recent critical illness at her home in Columbus.

Billy Sleeper, aged 50 years, an inmate of the county infirmary, is reported in a critical condition. He has been suffering with kidney trouble for over a year and is no longer able to take any nourishment.

Charles Bayerl, a steel worker, who had his right foot broken two weeks ago, is improving slowly.

His Secret Died With Him.

One man gave up his life in the search for a new explosive a few years ago. He was a scientist named Wartenberger. He had spent years of his life in the midst of awful perils in search of a new explosive. He found one at last which the experiments of the United States government experts satisfied them was even more powerful than dynamite. The government offered Wartenberger \$100,000 for his invention, provided he could perfect a method of firing the fearful stuff by means of electricity instead of a fuse.

While he was engaged in these experiments an explosion occurred which killed the unfortunate inventor.—San Francisco Chronicle.

Hydrofluoric acid is an acid compound of hydrogen and fluorine. It may be prepared by the action of sulphuric acid upon cryolite in an appropriate apparatus made of lead or platinum. It may thus be readily obtained in a liquid form and is colorless. Its vapors are exceedingly poisonous, and the liquid itself even when mixed with more or less water, causes severe swellings on the skin. Great care must therefore be taken in working with this acid. Hydrofluoric acid is used in the manufacture of glass, forming hydrofluoric acid with its silica; hence its use for making etchings on glass.—Exchange.

## LIGHT ON LIGHT.

What It Really Is and How Its Waves Affect Our Eyes.

How many of us could say what "light" is?

Could we explain why the gloom of the streets seems increased tenfold when we leave a well lighted room? And do we know why all of us suffer discomfort, if not actual pain, when from darkness we enter a brilliantly lighted place?

The discomfort on entering a lighted room after darkness is because the optic nerve, which receives light just as the drum of the ear receives sounds, is suddenly burdened with light rays before the pupil of the eye has had time to contract to receive them. The pupils dilate very much in the dark in order to admit every ray possible, and a dilated pupil cannot, without discomfort, suddenly receive an abundance of light rays.

When the pupils contract there is an automatic adjustment to the quantity of light. When we "peer" we are really only adjusting our pupils. Going from brilliant light to darkness, the pupils do not dilate instantly. They remain contracted and cannot for a time collect what light there is. So the darkness appears intensified.

Cats, owls and other animals see in the dark because they have the power of enlarging their broad pupils and collecting light which is invisible to us.

Light itself is a kind of luminous ether, which fills up the spaces in the air particles. It has an undulating vibratory movement, which strikes on the optic nerve, giving us the sensation of "light."—Pearson's Weekly.

## CHILLICOTHE PHYSICIAN SAYS NEGLECT CAUSED SUFFERING AND DEATH

Chillicothe, April 24.—Dr. W. H. Silbaugh, by his attorneys John Logan and E. J. Cutright, Jr., has filed a petition in injunction against John P. Phillips, president of the Chillicothe hospital, Harriet A. Fenzel, superintendent of said hospital and the Chillicothe hospital.

Plaintiff's petition sets forth that he has been a practicing physician in Ross county, in good standing, for many years. It then recites the organization, financial support, management and object of the Chillicothe hospital.

Plaintiff then alleges that for more than 6 months last past, the superintendent of said hospital, with the approval and connivance of the president, has shown hostility toward him and has sought to injure and discredit him in his profession, and that when the plaintiff tried to bring the facts to the attention of the governing body, said J. P. Phillips prompted Superintendent Fenzel to prefer charges against the plaintiff.

The petition recites that plaintiff tried to have the board of trustees investigate these and other charges, with the result that the president procured the superintendent to prefer verbal charges against plaintiff which were referred to a joint committee of the board of lady managers and the trustees, said president well knowing that the sole jurisdiction lay with the trustees.

Plaintiff asserts that he presented formal charges against said superintendent, asking investigation, but that on April 7, 1916, at a joint meeting of the trustees and board of lady managers the president dictated that each member present at the meeting should vote upon a resolution to the effect that the plaintiff be denied the privileges of said hospital, though this was a matter for the exclusive determination of the board of trustees. That 8 of the 12 trustees were present and that only 4 of these 8 voted in favor of the resolution, whereupon the president declared said resolution had been adopted.

On April 8, the plaintiff recites a notice of said action, though the pretended resolution had not received the sanction of the affirmative of the governing body of said hospital, was sent to him, and that by reason of this and of the publication of same he has been greatly damaged.

Plaintiff prays for an injunction and that pending the hearing of the case, that said hospital authorities be restrained from preventing him from practice on said hospital or from denying him the privileges of same.

That on January 21, said superintendent refused and neglected to call plaintiff, though requested to do so, in the case of a patient with chronic nose-bleed, whereby patient suffered an exhausting loss of blood before plaintiff was notified.

That on the night of July 20, 1915, plaintiff left orders that he be called, in a confinement case, and was not. That at 8 a. m. next

## SHOPS DEMAND NEW EFFICIENCY

No Room for Nervous, Worn Out Men and Women

Efficiency is the watchword of modern industries. Practically all of the larger enterprises are demanding that applicants pass a physical examination before they are admitted to employment. They are adopting the theory that without health a man is unable to give his employer the best that is in him. There is no place in the modern business world for the nervous, fagged out, listless man or woman.

This is an age of speed; we haven't time to take care of ourselves. These run-down men and women are not exactly sick, but just tired out, languid and overworked. Their business, their home, and their life suffer.

They need something to build them up, something to throw off these symptoms of a weakened, debilitated condition produced by mental or physical overwork, or by the abuse of a vital organ—more often the stomach than any other.

Chemists and scientists have gone to endless pains to discover something that would combat this serious condition. It was left to Joseph Von Trimbach, the noted chemist and giver of health aids, to solve this perplexing problem, and he did. He has given the American public a vegetable preparation composed of herbs, roots, flowers and barks, which he has called Tanlae.

Since its introduction, a trifle over a year ago, men and women, from the highest to the lowest walks of life, by the thousands everywhere, are testifying to the relief Tanlae has brought them.

Tanlae, the tonic, appetizer and invigorant, that builds new tissues, vitalizes the blood, and acts so favorably on ailments of the stomach, liver and kidneys, and on catarrhal affections of the mucous membranes, has been met with favor wherever it has been introduced.

Tanlae is being especially introduced in Portsmouth at the Fisher and Streich Pharmacy where the Tanlae Man daily explains the merits of this Master Medicine.

Tanlae may be obtained in the following nearby towns: New Boston, E. H. Coburn; Sciotoville, Sciotoville Pharmacy; Bloomington, H. J. Gleim; Scioto, Stockham & Payne; McDermott, Ord Thompson; Lucasville, Dr. J. H. Cox; Stockdale, O. E. Euery & Co.; Jasper, J. W. Dewey; Pike, R. B. Willson; Oak Hill, Jenkins Pharmacy; Otway, J. T. Walsh; Young, G. H. Perry; Peebles, W. A. Gall; Buena Vista, Louis Dorn; West Union, W. D. Satterfield; Fullerton, Ky., S. M. Roberson; Rarden, Taylor & Taylor.—Adv.

## G. O. P. CLUB CLIMBING TOWARDS 1,000 MARK

Seventeen new members have been turned in for the New Scioto County Republican Club, bringing the aggregate membership to seven hundred and ninety-two. The next meeting of the club will be held Tuesday night, when Congressman Charles C. Kearns will discuss the vital problems that the United States government have to solve today. ## Sympathy Offered To Victims Of Fire

Former Mayor Adam Frick has addressed a letter to J. R. Walsh expressing his deep sympathy for the fire sufferers of that village. Following is his letter:

Paris, O., April 22, 1916.  
My dear Mr. Walsh:—My purpose in writing is to express our sorrow for the good people of Otway who were called upon to offer such great sacrifices and required to forego so many of the

comforts of life through the devouring flames of yesterday.

May the ashes sown through the gloom of yesterday, be the seed that will cause to blossom forth on the morrow a larger community center.

We ask that you give expression of our feelings to all those of the vicinity who have either directly or indirectly encountered suffering and sacrifice.

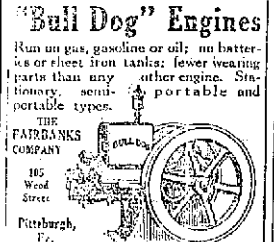

Very respectfully submitted,  
ADAM FRICK.

## Auto Left Street; No One Is Injured

While motoring down the Waller street hill Saturday afternoon, Mrs. Frank Board, of 1417 Turk avenue, lost control of the machine near Seventeenth street, and it left the paved street and plunged down a small embankment. Luckily it did not overturn and none of the occupants was hurt. One of the lights and one fender were slightly damaged.

## UNDERGOES OPERATION

John Birch, an inmate of the county infirmary, had a bone removed from his foot and the others scraped, in a surgical operation performed upon him at Hempstead hospital Saturday evening. The operation was performed by Drs. Hole, Fizzell and Kupp. Birch has been suffering with locomotor ataxia for some time past.

## AGED WOMAN IS BURNED

Mrs. Elizabeth Helton, 83, old resident of South Portsmouth, was burned about noon Monday. She was burning rubbish in the back yard and a sleeve of her waist caught fire. Her screams were heard by Mrs. Alice Clairin, next door neighbor, and she and her husband hastened to the aged woman's side and tore the burning clothes from her.

Her right arm and side were badly burned. The flesh of the arm peeling off. Had not Mrs. Clairin heard the cry of help Mrs. Helton would have probably burned to death as she is too feeble to help herself. On account of her advanced age it is feared she will not recover. The Sisters of St. Francis surpassed all previous efforts in the beautiful decorations of the altar, which were a veritable bower of palms and lilies. The Cecilian choir, noted for its good singing, rendered a splendid program. Father Goebel preached on the general resurrection as fore-shadowed in the Vision of the dry

bones of the prophet Ezekiel. The Easter offering did not fall below its highest mark. Rev. Joseph Scherer, C. S. C., of South Bend, Ind., will be a guest at St. Mary's rectory this week. He comes to visit his aged mother, who resides at 1701 Fifth street. A class of children are being prepared to receive their first Holy Communion on the fourth Sunday in May. The time for Sunday masses will

be changed next Sunday, April 30th. Each will be half an hour earlier, namely, at 7 and 9:30 o'clock, standard time. The Knights of St. George will receive Holy Communion in a body on next Sunday morning, at 7 o'clock, in St. Mary's church. The annual convention of the Federation of Catholic Societies of Scioto county will be held next Sunday afternoon, at 3 o'clock, in St. Mary's hall.

Sheriff Pete Took No Chances,  
And So Lands His Prisoner

Herbert Hunkerford was arrested Saturday night after an exciting time by Sheriff E. W. Smith and brought to the county jail where he was placed in a cell upon a charge of robbing a box car at Athens, several weeks ago. Sheriff Frank S. Lowry, of Athens county, arrived in Portsmouth Monday and took the prisoner to Athens.

Late Saturday afternoon Sheriff Smith learned that Hunkerford, who lives in a small house on "Lansley Run", West Side, was wanted at Athens for a robbery, and called Sheriff Lowry. Sheriff Smith then engaged a taxi and started for the Hunkerford home. On arriving the officer walked to the front door and knocked, a woman answered and after a look at the sheriff who said he wanted to see Herbert, told him to wait until she returned, and closed the door.

Sheriff Smith has had considerable experience with such things and as soon as the door closed, he hurried around the house to the back door. Here he met the same woman and Herbert. The woman pleaded with the officer to allow her brother to stay and eat his evening hunchman but the sheriff refused, knowing that Hunkerford had a record for running when he had a half of a chance.

Mother's Plea Saves Son For  
The Present; Police News

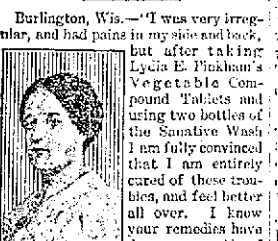

The sentence of Oscar Storor of Dexter avenue to the Cincinnati workhouse will not be carried out, his mother, Mrs. Elizabeth Storor, whom he is said to have abused, having interceded for him. She called up officials and said that her son was the victim of a conspiracy of those who had a grudge against her and Oscar, who she said had never struck her and was a good boy and provided well for her. He was still in custody Monday afternoon pending an investigation of her claims.

Jim Harris and Will Thornton, two negroes, were arrested for fighting at Twelfth and Waller streets, Sunday noon. Harris struck the other in the side with a rock and when search

was found to have an open knife in his pocket. He was fined \$10 while half of a similar fine imposed upon Thornton was suspended. Clarence Gilliland was the name given by a stranger who was fined \$5 on a vagrancy charge. William Sly, a blind citizen of Front street, has been ordered to appear in court this evening on charges of drunkenness and abusing his family. His stepdaughter, Miss Florence Porter, is the complaining witness. Melvin Jenkins was arrested by Officer Shankwiler Monday morning for stealing a "T" water pipe connection from the Bamber addition. Shankwiler was off duty when he was off duty against visiting any more saloons during the day.

## NEW BOSTON

Paul Williams and John Snyder, of Lakeside, were arrested Saturday afternoon on a charge of fighting, by Officer Pete Hall. The two were released a few minutes later on bond, Snyder paying up \$20 and Williams \$5. They will be given a trial Monday evening. Bruce James and father, S. L. James, were arrested near the mayor's office Saturday on charges of being drunk and disorderly conduct. Officers Hall and Wells made the arrests. The James' were later released on \$5 bonds. They will be given a hearing Monday evening. Edward McCoy, of the city, was arrested by Officer Davis early Sunday evening for driving a horse he was driving. McCoy was near center's store when arrested, several companions peaching the mayor's office that a man was mistreating a horse at that place. He was released when friends came to his rescue by posting a \$10 bond for his appearance for trial Monday afternoon. The suit of T. H. Riley, plaintiff against Joel Adams, defendant, in which Riley charged Adams owed him \$4 for rent of land, was heard before Judge

Jenkins and James Craig with a push cart loitering about the alley. Craig took to his heels at the approach of the officer and escaped but has been ordered arrested on sight. Officials are puzzled what to do with Jenkins, who is a confirmed petty thief. He is subject to fits and because of this affliction the workhouse officials refuse to accept him as a prisoner. Low Thornton was gathered in Monday morning and made to pay a balance on a recent fine. Greenbacks were found in every one of his pockets. He was so "wobbly" that officials hesitated about turning him adrift and addition, Shankwiler was off duty when he was off duty against visiting any more saloons during the day.

## TO REPUBLICANS

DR. S. O. GIFFIN

Tuesday the Republicans of Ohio will have an opportunity to vote for a man who for the past 28 years has been a loyal worker in the ranks of the Republican party. Dr. S. O. Giffin, of Columbus, the anti-Willis candidate for delegate at large to the Republican national convention, has for years past been affiliated with several fraternal and patriotic organizations. Dr. Giffin has long been known for his untiring efforts and his unselfish devotion to these organizations. He is a man whom the people can trust. If elected he will go to Chicago pledged of course to Ohio's candidate. Then, Burton, as long as his name is before the convention.

Druggist Says -  
Black-Draught Best

M. R. Flowers, druggist, writes this letter: "I have been afflicted for many years and have tried many sorts of kinds of medicine for indigestion, but the Black-Draught excels all medicines I ever tried. I went to using your medicines when I ate anything it would soon feel as though I were loaded down with rocks in my stomach. After using your preparation my stomach feels like a new one. If you suffer from indigestion, from a stomach that seems 'loaded down with rocks' after meals, this druggist's experience must carry conviction of the merit of this purgative preparation. (Flowers' Black-Draught). Mr. Flowers used many remedies and then says: 'Black-Draught excels any I have ever tried.' Why don't you try it? At all druggists—25 cents a package. S.S.

## GERMANY WILL GRANT WILSON CONCESSIONS IN ITS REPLY

[BULLETIN]

WASHINGTON, April 24—Confidential dispatches from Ambassador Gerard at Berlin indicate that Germany will make certain concessions to the United States in response to the note demanding the immediate abandonment of her method of submarine warfare.

Whether the concessions will be sufficiently broad to meet the American demands appear uncertain. However, officials reflected an air of hopefulness for an amicable settlement of the issue.

## REPORT U. S. TROOPS SLAIN

(BULLETIN)

El Paso, Texas, April 24—Early today the local police received a report that fighting had begun between Carranza and American forces at Satevo. According to the police here the information came from influential sources in Juarez. The police believe the report to be true. It was stated that several negro soldiers had been killed in the fighting.

## RE-DISPOSITION OF U. S. TROOPS IN MEXICO HAS BEEN ORDERED

Washington, D. C., April 24—Administration officials today looked to General Funston to carry out plans for re-disposition of the American troops in Mexico. The plan approved by President Wilson and Secretary Baker were the outgrowth of conferences between General Funston and General Scott, chief of staff of the army, who went to San Antonio, as Secretary Baker's personal representative. The plans were interpreted generally to mean that the United States is prepared to maintain a military status quo beyond the international line, until the Carranza government has demonstrated its ability to exterminate Villa and his outlaws. Meanwhile it is understood the American forces will be so placed as to safeguard American border towns, by virtually doing police duty in the territory immediately south of the border, where Carranza has been unable to prevent brigandage. The troops would form a wall against which the soldiers of the defunct government could drive the bandits from the south. Re-

### WEATHER

Ohio—Partly cloudy tonight and Tuesday. Continued cool with probable light frost tonight.

Washington, April 24—The annual Easter egg-rolling, an event looked forward to with the keenest interest by the children of Washington, was held on the White House grounds today. Despite the chilly weather, thousands of youngsters, with grown-ups as spectators, were on hand early, ready to enjoy the sport. There was no class distinction. The children of high government officials and diplomats mingled with those of the humblest homes. President Wilson, who takes keen interest in the sport, made no engagements for the day and was prepared to watch the children. Mrs. Wilson had on her special guests, the children of cabinet members and other officials.

The intimation has come from Washington that in case the crisis with Germany becomes any more tense, the troops now in Mexico in search of Villa will be recalled. These photographs were taken near Parral. Upper photo shows U. S. cavalry watering their horses while resting in the intense heat of midday. Lower photo shows soldiers of the expeditionary force practicing with the remainder on the open mesa of the Mexican plain.

# 1,000 DEAD

Shanghai, April 24—More than a thousand soldiers and men of the crew of the steamer Hsin-Yu, 1,629 tons, were lost when the steamer sank after a collision with the cruiser Hai-Yung Saturday evening south of the Chusan Islands.

The steamer, acting as a transport, was taking troops to Foo Chow. The collision occurred during a fog and only one foreign engineer, twenty soldiers and nine sailors out of six foreigners and over a thousand soldiers and members of the crew were saved.

## FRENCH GAIN AT VERDUN

Paris, April 24—French troops made progress last night on the Verdun front, northwest of Caen. There was rather heavy bombardment at Dead Man's Hill. East of the Meuse, the night was comparatively calm.

## EARTHQUAKE ROCKS SANTO DOMINGO

Washington, April 24—Two severe earthquakes, one of them of great intensity, were recorded on the Georgetown University seismograph this morning. The heaviest shocks came at 3:21 a. m., eastern time. The first of the quakes, which the records indicate was quite heavy, began at 11:31 o'clock last night and continued until 12:07 o'clock this morning. It was estimated that its center was about 1600 miles from Washington. The second series of shocks, which were decidedly stronger than the first, began at 3:08 a. m. The vibrations reached their maximum intensity at 3:21 a. m. At this point the needles of two of the seismographs were thrown off their recording drums, so severe were the shocks. The shocks continued until 4:12 a. m. It was estimated by Director Tondorf that the center of the second earthquake was 2400 miles from Washington and he believed it occurred in an inhabited zone it must have done considerable damage.

Santo Domingo, April 24—A severe earthquake occurred here at 11 o'clock last night. No damage was caused.

## VOTE

Tomorrow, Tuesday, April 25, the voters of Ohio will have a chance to vote for delegates and alternates to the national and state conventions. It is not so much of a privilege as it is a duty—to vote. Don't allow anything to keep you away from the polls, be you Democrat or Republican. Exercise your right of franchise. Vote yourself and see that your neighbor does likewise. Have convictions and express them at the polls. Stand by the party of your faith. If there is a contest, why vote—if there is no contest, vote anyway. Polls open from 5:30 a. m. till 5:30 p. m. Show the people that you are interested in the government. Vote—that's the best thing you can do tomorrow.

## Three St. Louis Singles In Twelfth Inning Beat Reds

Cincinnati, April 24.—In a 12-inning contest here Sunday St. Louis won the first game of the series from Cincinnati 2 to 1. Each team used three pitchers, the contest finally being between Ames and Schneider, the score being tie when they went in.

St. Louis started the scoring in the fourth inning when Smith singled, stole second and came home on Miller's single. The local team tied the score in the seventh on a base on balls and two singles. St. Louis made three singles in the twelfth, Miller scoring the winning run. Score:

## Colts Trim Vets In Practice Game

Through a bone chilling wind that swept through Millbrook park Sunday the Colts and Vets of the Portsmouth team battled six innings, the Colts winning 9 to 6.

Manager Spencer instructed his men to take it "easy" as their million dollar arms might be ruined by putting too much strain on the old pit. The two teams enjoyed a good practice and the players are rapidly getting into good shape.

The Boy Scout league opening Saturday was attended by a good crowd in spite of the extreme cold weather. With cheering and cheering the fans sat throughout both games watching the contests with great interest. The attendance figures were around 300.

Promptly at 1:30 o'clock the teams lined up on the diamond where they were addressed by Rev. E. G. Hamilton, representing the local boy scout council, who served in President G. D. Scudder's place, who was absent from the city. After a few brief but pointed remarks Mr. Hamilton tossed the ball to Hatcher Lewis and the 1916 race was on in earnest.

TIGERS WALLOP CHAMPS. The cold weather had a bad effect on the Kendall Avenue Champs and they went down to defeat at the hands of the Tigers by the score of 18 to 11. Lewis was driven from the mound in the second inning. Worthington replaced him and twirled good ball until the 7th when he was hit hard and retired in favor of Scott, who held the Tigers hitless the remaining innings of the game. Jeffords made his initial bow in the Boy Scout league, pitching for the Tigers. He breezed along like a big leaguer until the 7th when the Kendall Avenue bunched hits and with bases full, Cook lined out a home run. Forner finished the game for the Tigers.

The entire game was characterized by hard stugging. Cook secured 4 hits in as many times up. R. Hopkins lined out a homer, a double and three singles in six trips to the plate. Hatcher put up a fine fielding game, accepting 13 out of 14.

JOSH SOME KIDDER  
During one the Phillips-Cub exhibition games Josh Tinker sat into Josh Devore. Josh is more or less proficient at the sometimes pleasant flow of remarks, and he probably made Tinker regret the fact that he did not remain silent. "You're a fine guy to come up from a hush league and criticize my batting," was his comeback. "Why, the only sane thing you ever did was to ship me away from Cincinnati and enable me to collect \$3,000 as my share of the World's series when the Braves won the championship. Get a mirror!"

## Josh Devore Leading Off

Josh Devore is the lead off man for the Milwaukee Brewers. He has shown his old time form and will probably stick the season out with the Brewers. Devore is trying to persuade Cincinnati to turn Enmer over to Milwaukee.

## Reds To Keep Johnny Beall

The Reds have decided to retain Johnny Beall for the present. He is a rattling good hitter and if he shows anything in the field he is likely to succeed Williams in the field.

## BE SURE AND VOTE TUESDAY

Tomorrow the voters of Ohio, under the primary law, have the privilege of going to the polls and voting for candidates for delegates to the national and state conventions. There ought to be considerable interest, yet indications are that there will be a very light vote. Yet there ought to be an emphatic expression of the will of the people. There ought to be a very large vote cast owing to the importance of the conventions that are soon to be held.

There are contests of various kinds, several candidates being aspirants for delegateships. For instance, the Democrats have five candidates for delegates at large, Ex-Governors Cox, Campbell and Harmon, and Senator Pomerene, and Frank S. McMonett has been about everything politically under the sun and is not deserving of the vote of any Democrat.

On the Republican side there are seven candidates for the four delegates at large, the four regularly endorsed by the party being Senator Harding, Governor Willis, William Cooper Proctor and J. J. Sullivan. Then there are three others, Matt Glaser, S. G. Griffin and Ralph Tyler, the latter a negro, who is making an especial appeal to his race. None of the three last named has any chance of winning, their main aim seeming to be to embarrass Governor Willis by running him behind his associates. It is not for us to advise Republicans how to vote, but there isn't any doubt in our mind as to what we would do if we had a chance. We would support the Big Four.

In the district are three candidates for the two delegateships, two of the candidates of each party being from Brown county and the third in each party being from Scioto county. We have spoken of this situation at length before and voters are familiar with it.

The main thing now is, will Portsmouth voters go to the polls? It is up to them and we are curious as to the outcome.

## MOMENTOUS DAYS AT PIKETON

How momentous questions do arise to vex and trouble the soul of the editor of the country newspaper. Now take Piketon and there is Editor Charlie Wynn tearing his shirt and pulling his hair in a campaign to circumscribe the activities of the chickens of the town and to confine them to a zone of operations bounded by the property lines of their owners. At the risk of incurring life-long enmities, Editor Wynn is tracing down the ownership of the nomadic fowls and is calling specific attention to the derelictions of both. Thus we clip this vigorous editorial denunciation from last week's Piketon Republican:

"Notwithstanding Mayor Bateman's order, P. P. Hammon's and Henry Nessler's chickens were running at large at the time this is written. Will the mayor compel these gentlemen to comply with his order?"

There lies before us as we write, an old copper newspaper heading, part of material that we purchased from the receiver of the Star. It was the heading that was used on the old Portsmouth Daily Blade, and what memories does it awaken, memories of the days when the Portsmouth Blade was the great newspaper in this section, when Valjean lived and flourished and fought and praised, when no edition was considered complete unless something or somebody was attacked. The Blade was an interesting part of the evolution of newspaperdom in Portsmouth. It served well and faithfully in its day, but it did not change with changing conditions, it did not sense the gradual growth of sentiment for fair and impartial presentation of news and distaste for personal journalism. Had it done so, it would have been with us today, occupying the position it once held as the leading newspaper of the city.

The new officials of Sciotoville made a fine start in the selection of Attorney H. Stanley McCall as the first city solicitor of the newly incorporated village. He has had experience in handling the affairs of the city of Portsmouth, and he made a most admirable record. He has a thorough knowledge of municipal law and will be a most competent and conscientious adviser.

The one thing that most impressed us about the fire at Otway was that the people of the town were mighty good losers. There was no bemoaning of the misfortune. They faced the great loss they had sustained with a bravery that commanded admiration.

Tom Taggart is having a heluva time refusing to run for senator in Indiana. Tom is a wary politician, who knows the nicest and easiest way is to receive things on a silver platter, and it's safer to see the other fellows rooting around in the trough for the scraps.

Sizing the situation up in view of all those telegrams he is receiving, we conclude Mr. Ike Mann, congressional floor leader, must begin to have a suspicion that he is not the man he thought he was.

At the local post office it was characterized as "some Easter," an unprecedented amount of mail, for the season, going out.

## OVERSHADOWED

## WE ARE ONE PEOPLE

Not so infrequently as to remove them out of the common, one hears expressions that may well lead to the belief that there is keen enmity between country and city. That such feeling, at the worst, is no more than skin deep, is happily proven by such incidents as took place at the burning down of Otway, Saturday. For so soon had word come that the village needed aid to save it from complete destruction, than preparations were begun on the part of Portsmouth to go to the rescue. In an almost incredibly short time the gallant city fire fighters were on the ground, making ready to contest the onward sweep of the flames. It is unfortunate that, through a misunderstanding of directions, their work was handicapped in the beginning, but once in action there was no doubt left as to their earnestness and efficiency. The comparatively brief time in which they conquered the raging elements must have been akin to a revelation to the inhabitants of the accursed village, just as was the energy and courage with which they stood by their posts until all further danger was past, were seen in deep gratitude and admiration. Altogether it was a picturesque and striking exposition of American character. We scoff freely and rudely at each other's ways, when they irk us, but let misfortune impend and there is no hand so ready, so steady and so generous in offering help. No thought was given as to what or where Otway was when appeal came, the only impulse was to render the quickest and most effective rescue to our own people whose property and homes were in peril. And it was as friends and brethren that they were summoned.

We suppose that by the time Congressman Kearns gets round to speak his piece before the militant and aggressive Scioto County Republican club next Tuesday evening he will have recovered from the temporary tongue paralysis that affected him after the president made his speech to congress on foreign affairs and if he has found out anything about the matter in the meantime will tell us all about it. At that we must say Charlie's deafness and dumbness at that particular time was about the finest example of "safety first" that has come under our observation for a long time.

Just because John D. Rockefeller offers to build all the churches that his employees want is no reason why the scuffer should jeer that even he will not attempt to build all they need. That is no reflection upon him but upon the others.

The deeply portentous Lexington Herald tells us the hour of destiny has struck but whether for more pay, or shorter hours, and yet both, it fails to designate.

Jerome H. Eddy, who, while he denies he did the press work for Noah, admits he invented press agenting, has a little story which he is telling along Broadway.

He states that William J. Kelly, an actor, went to a farmer's house, in "dry" Maine recently and asked for a glass of milk. Also, that the farmer filled the glass with whiskey, sugar and milk.

Now comes the chuckle part. Kelly, according to Eddy, drained the glass and handing it back to the farmer, said: "Great Scott—what a cow."

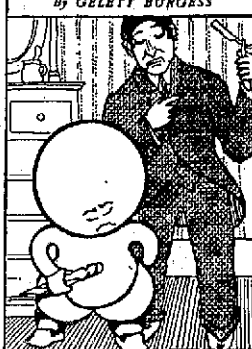

The annual Easter rush to Atlantic City has begun. Trains to Philadelphia are crowded with New Yorkers who make an event of the April sojourn on the boardwalk. Many new hotels are going up at the sea coast resort and on account of the war, it is expected that it will be the biggest season on record.

The novelty stores are opening by the scores and about 1000 new roller chairs have been rented for the patrons. Other sea coast resorts near New York are also expecting to do a big business and with the announcement by the New York hotels that they are going to do the greatest business in history—it is quite evident that some of them are going to be fooled.

# GRAVE CHARGES ARE MADE IN HOSPITAL SCANDAL

## CHILLICOTHE PHYSICIAN SAYS NEGLECT CAUSED SUFFERING AND DEATH

Chillicothe, April 24.—Dr. W. H. Silbaugh, by his attorneys John Logan and E. J. Outright, Jr., has filed a petition in injunction against John P. Phillips, president of the Chillicothe hospital, Harriet A. Fenzel, superintendent of said hospital and the Chillicothe hospital.

Plaintiff's petition sets forth that he has been a practicing physician in Ross county, in good standing, for many years. It then recites the organization, financial support, management and object of the Chillicothe hospital.

Plaintiff then alleges that for more than six months last past, the superintendent of said hospital, with the approval and connivance of the president, has shown hostility toward him and has sought to injure and discredit him in his profession, and that when the plaintiff tried to bring the facts to the attention of the governing body, said J. P. Phillips prompted Superintendent Fenzel to prefer so-called charges against the plaintiff. The petition then goes on to recite the charges which Dr. Silbaugh endeavored to bring before the Hospital Trustees, as follows:

1. That the surgical nurse left the sterilizing surgical instruments to the janitor, which resulted in the infection of a patient with blood poisoning from improperly sterilized instruments after an operation for simple appendicitis performed by plaintiff and from said blood poisoning the patient died.

2. That plaintiff, on October 23, 1915, was refused the use of the operating room because to prepare it would interfere with an auto ride taken by hospital attendants; that the superintendent said no operation was needed in the case and that when plaintiff suggested that she make the ordinary digital examination to determine the necessity of operation said superintendent had insulted her.

3. On January 29, 1915, plaintiff alleges that only one night nurse was left to look after 17 patients, 3 of whom were unconscious and four about to die. That one woman after an abdominal operation, unconscious, fell out of bed and died February 1. That a patient of plaintiff's in the next bed received such a nervous shock as to become a chronic invalid.

4. That on January 21, said superintendent refused and neglected to call plaintiff, though requested to do so, in the case of a patient with chronic nose-bleed, whereby patient suffered an exhausting loss of blood before plaintiff was notified.

5. That on the night of July 20, 1915, plaintiff left orders that he be called, in a confinement case and was not. That at 8 a. m. next day he was notified that a child had been born. He further alleges that the patient had been left without attention the whole night, to meet the ordeal and that she had suffered greatly as the result.

6. That said superintendent neglected and refused to demand or attempt to collect a hospital bill from a pay patient. That said

patient, having suffered injury through the negligence of another person brought suit for damages; that the president of said hospital, as attorney for the defendant hospital, compromised the case, conceding to the plaintiff the hospital bill of \$81, in consideration that a less sum, \$75, out of the amount paid by client, be conceded to said attorney.

The petition recites that plaintiff tried to have the board of trustees investigate these and other charges, with the result that the president procured the superintendent to prefer verbal charges against plaintiff which were referred to a joint committee of the board of lady managers and the trustees, said president well knowing that the sole jurisdiction lay with the trustees.

Plaintiff asserts that he presented formal charges against said superintendent, asking investigation, but that on April 7, 1916, at a joint meeting of the trustees and board of lady managers the president dictated that each member present at the meeting should vote upon a resolution to the effect that the plaintiff be denied the privileges of said hospital, though this was a matter for the exclusive determination of the board of trustees. That 8 of the 12 trustees were present and that only 4 of those 8 voted in favor of the resolution, whereupon the president declared said resolution had been adopted.

On April 8, the plaintiff recites, a notice of said action, though the pretended resolution had not received the sanction of the affirmative of the governing body of said hospital, was sent to him, and that by reason of this and of the publication of same he has been greatly damaged.

Plaintiff prays for an injunction and that pending the hearing of the case, that said hospital authorities be restrained from preventing him from practicing on said hospital or from denying him the privileges of same.

## The Movies

SCENE FROM "THE PRICE OF POWER," A NEW TRIANGLE-FINE ARTS FEATURE DEALING WITH THE LIVES OF THE OWNERS AND OPERATIVES OF THE COTTON MILLS. THE CHARACTERS IN THE PICTURE ARE PORTRAYED BY CLYDE HOPKINS AND MARGUERITE MARSH.

A remarkable play is "The Price of Power," the Fine Arts-Triangle production, coming to the Columbia Theatre today. It is full of realism in showing a modern cotton mill in full operation and a strike in which brickbats and clubs figure. There is also a thrilling struggle between a worthless scion of an idle rich woman and a beautiful factory girl. There is such swift action in the play, and it is so lighted with touches of humor that any too intensely tragic feature is made endurable and the whole effect is appealing and worth while.

Orin Johnson plays with versatility three different roles, representing the same man under different circumstances and at various times in his career. Gladys Brookwell is realistic in her characterization of the factory girl, who wins the ambitious young mechanic by her forward appearance and physical charms. Vera Lewis, as the wife of the magnate, makes clear the shallow, frivolous nature that spoils her son and forgets her husband, as soon as he is out of her sight. Spottiswoode Aitken is cast as the aged father of a working girl. He shows the fiery spirit of the old workman, who stirs up the men to strike in spite of his daughter's appeals.

At The Arcana "Blue Blood But Black Skin" is a two part L. K. comedy done entirely in black face. The action consists of rivalry over a dusky belle to whose hand the village barber lays first claim. He deals in turn with numerous rivals, not hesitating to employ his razor when necessary.

In the end the girl marries a man whom he had not suspected of intimacy with her. A pleasing burlesque number, the closing scene being riotous.

"Some Heroes," Imp comedy features, Victor Hotel and Edward Sedgwick. The fire chief and chief of police are rivals. A fire breaks out in the house of the woman in dispute. She makes her escape and marries while the two rivals are trying to settle the question of who should rescue her. "Shackles" is a two part Bison drama featuring Carmen Phillips, Douglas Gerrard and Walter Belasco. A story of everyday Western life.

While motoring down the Waller street hill Saturday afternoon, Mrs. Frank Board of 1117 Park avenue, lost control of the machine near Seventeenth street and it left the paved street and plunged down a small embankment. Luckily it did not overturn and none of the occupants was hurt. One of the lights and one fender were slightly damaged.

## OBITUARY

Frank Von Buchholz  
Frank Von Buchholz, aged 61 years, a brother-in-law of William M. Briggs, of the Gilbert

Grocery company, died at Hempstead hospital Saturday night at 8:30 o'clock of cancer of the stomach.

Mr. Buchholz was operated upon by Dr. Reed, of Cincinnati, Thursday, April 13. He was a druggist of St. Joseph, Missouri, and relatives were unaware of his affliction until Mrs. Briggs visited St. Joseph last February and found him suffering with cancer. She at once brought him to Portsmouth and has ever since been doing all within her power to alleviate his sufferings.

Mr. Buchholz was unmarried. He was born at Gallatin, the only son of Francis Buchholz who came to this county from Germany at the age of 21 years, and was one of the first persons in this country to operate a wool carding machine. The mother, whose maiden name was Thwaites, was a native of Lexington, Ky. Besides Mrs. Briggs, Mr. Buchholz is survived by six other sisters residing in different parts of the country. He was a member of the Christian church.

Mrs. Briggs accompanied the remains of her brother, which were taken early Monday morning to Gallatin to be buried beside those of the late parents.

## STAGE SET FOR THE PRIMARY TUESDAY; DON' FAIL TO VOTE

Columbus, April 24.—At the first presidential preference primary election tomorrow (Tuesday, April 25), Ohio Republicans and Democrats will select delegates and alternates to their national and state conventions, and designate their respective choices for the presidential and vice presidential nominations.

The distinctive feature of the elections is the contest between the four so-called "regular" candidates for delegates-at-large on the republican ticket, and three candidates who hope to break the state. Most opposition to the regular slate appears to be centered on Governor Frank B. Willis, whose political opponents are trying to make his showing in the primaries weak for the sake of hampering him in his campaign for re-election next fall.

President Wilson is expected to have practically no opposition for renomination.

All candidates for delegates and alternates to the republican national convention have declared themselves for former Senator Theodore E. Burton of Ohio for president. The presidential preference ticket hears only his name and that of William Grant Webster, Chicago attorney. The latter had meant to be a candidate for vice president but a technical error threw him into competition with Mr. Burton.

Roosevelt sentiment in the state will not be reflected on the surface in the April 25 elections. The progressive state central committee is expected to name delegates-at-large to its convention, and this plan will be followed by the party likewise in local districts.

Both democrats and republicans will choose about 1,000 delegates to their state conventions at the primaries. Republican contests in local districts are more numerous than those of democrats. The democratic state convention will be held in Columbus June 1, and the republican state meeting will convene in the same city June 21.

In addition to Governor, who has been chosen to present Mr. Burton's name to the convention, the regular republican candidates for delegates-at-large are: Senator Warren O. Harding, who will be temporary chairman; William E. Campbell, Judson Harmon and Cooper Proctor, Cincinnati business men; and John J. Sullivan, Cleveland publicist; Dr. Schuyler O. Griffin, of Columbus and Ralph W. Tyler, colored, of Columbus.

auditor of the navy department under former President Roosevelt.

The names of Vice President Marshall and Frank S. Monnett, Columbus attorney and former attorney general of the state, are on the democratic ballot for the vice presidential preference. Mr. Monnett also is the only irregular candidate for democratic delegate-at-large, and is opposed to the renomination of President Wilson. The democratic candidates for delegates-at-large, who have received endorsement of party leaders are former Governors James M. Cox and Senator Allen S. Campbell, Judson Harmon and Cooper Proctor, Cincinnati business men; and John J. Sullivan, Cleveland publicist; Dr. Schuyler O. Griffin, of Columbus and Ralph W. Tyler, colored, of Columbus.

## Portsmouth Is Ready To Aid Otway; Hundreds Visit Ruins

Ralph Thomas, secretary of the local committee appointed to give temporary relief to the fire-stricken village of Otway, addressed letters Monday morning to S. Towne Unger, mayor of the village, and some of the prominent citizens, offering Portsmouth's aid.

The committee felt this was all that could do for the present, since Otway citizens seem to take the attitude that they do not wish outside assistance, they evidently not yet realizing their true situation.

Mayor H. H. Kaps and G. E. Carlyle, two of the members of the relief committee, visited Otway Saturday afternoon, spending several hours there talking with Mayor Unger and the principal losers. Both visitors saw that the village was hard-hit and were astonished to find the people indifferent, and really averse towards accepting help. They thought this was largely due to the fact that there has never been any general assembly of citizens since the fire and that the people had simply been giving their individual opinions. The full loss from the fire seems not yet to have dawned upon them. The committee felt certain that there were families in the village who would need aid of a substantial nature.

It was with this in mind that the committee felt it due Otway that they make a formal tender of any assistance that Portsmouth might give.

The cooking utensils and furniture needed for some of the homeless were forwarded to Otway Sunday morning. Bread and other foodstuffs had been sent the day before. The desolate looking village, two-thirds of which had been completely licked up by flames on Friday afternoon, was the scene for sight-seers from all over Southern Ohio Sunday. All country roads were dotted with automobiles, either going to or returning from Otway. Over 100 Portsmouth machines visited the village during the course of the day. Main street was parked with automobiles from one end to the other. Besides there were dozens of huggies, wagons and all sorts of vehicles. It was estimated that there was fully 1,000 sight-seers in the village at one time.

Talks had with some of the leading citizens indicated that they were beginning to realize the gravity of the situation. James R. Walsh, who was one of the heaviest property losers, had not yet decided whether he would rebuild or move away, but thought probably he might re-engage in business there. Fears were expressed that his aged wife, who during the fire was brought to the home of Portsmouth relatives, had besides her diamonds, also lost a bag of money, and some valuable papers, proved unfounded. They were found Sunday in a basket into which they had been hurriedly placed and carried away, the basket later becoming misplaced.

## G. O. P. CLUB CLIMBING TOWARDS 1,000 MARK
